NO. 153

VOTE IS FOR PROGRESS

BOND PROPOSITIONS

WIN, THREE TO ONE

People Vote Overwhelming for Schools, Auditorium, Wharves and City Hall

FIGURES TELL THE TALE RESULT OF BALLOTING

Here are the unofficial returns on bond propositions. The total vote was 14,043. The grammar schools gained a margin of 1310 votes over the necessary two-thirds majority to carry and the City Hall 389.

PROPOSITION NO. 1.	Yes.	No.
For the completion of buildings for grammar and primary schools, \$873,684.66	10,515	3,292
PROPOSITION NO. 2.		
For the completion of buildings for the high schools, \$495,719.71	10,217	3,531
PROPOSITION NO. 3.		
For the completion and equipment of the City Hall (new issue), \$796,000	9,575	4,204
PROPOSITION NO. 4.		
For construction and completion of municipal auditorium, \$431,595.63	9,711	3,987
PROPOSITION NO. 5.		
For waterfront improvements, completion of quay wall, approaches and runways, dredging of channel in front of quay wall, warehouses and section of belt-line railway, \$343,000	9,817	3,703

BY an overwhelming majority of over three to one in favor of the bonds, the citizens of Oakland voted an issue of \$2,940,000 municipal bonds at yesterday's election. Of this sum, \$2,144,000 is a reissue of bonds voted in the past at 4 1/2 per cent interest at a higher rate, not to exceed 5 1/2 per cent, to meet the changes in the money market, while \$796,000 is a new issue for the completion and furnishing of the new City Hall.

The majority given the school bonds was 7223, the vote in favor having totaled 10,515 and that against 3292, according to the unofficial returns from the office of City Clerk Frank M. Smith. It requires a two-thirds majority to carry a bond issue, however, and these figures give a margin of over 1300 votes over the necessary two-thirds.

The voting of the bonds means a seven-league-foot stride forward in Oakland. The work on the partially completed school buildings will be resumed, the municipal auditorium will be carried forward, the new City Hall will be completed, and the harbor work on the estuary and the western waterfront will be carried forward to a point where deep sea shipping can be accommodated with a conjunction of rail and ship on the city's waterfront before the opening of the Panama canal.

TRIBUNE FLASHES NEWS. The returns were eagerly watched as the precinct totals were brought to the City Hall last night. A corps of newspapermen organized an election bureau for the TRIBUNE announcement to the city sent forth in the form of colored bombs and rockets shot from the top of the new City Hall. As the vote came in, the fate of the City Hall completion proposition, the only new proposition submitted, appeared for a time to be in doubt. Finally the votes gave what seemed to be a clear two-thirds majority. Those in charge of the election hesitated to give the signal to send up the triumph rockets soaring into the sky. The precincts counted seemed to give a clear indication, but the district had not been heard from in sufficient numbers of precincts to show positively. Several precincts came in from East Oakland in which the City Hall merely broke even, then one or two which the City Hall was not given a bare plurality, but was beaten. The watchers waited as the adding machine clicked. Mayor Frank K. Mott waited in anxiety with Commissioner Harry S. Anderson adding frantic figures.

CROWD LEARNS RESULT. Finally conclusive figures showed that the City Hall had won. The word was sent to the fifteenth floor of the new City Hall by telephone and thence carried to the deck of the sixteenth floor from which the signal was flashed, telling for miles around that the bonds had carried. The display was watched from the streets by great crowds gathered to learn the fate of the bond issue.

Out of a total registration over 55,000, the vote on the bonds was 14,043. (Continued on Page 2, Cols. 1-2)

"TRIBUNE" BOMBS ON NEW CITY HALL ROAR NEWS OF GREAT BOND VICTORY

The bang of exploding bombs, followed by colored lights, gleaming high above Oakland, last night told the news of the bond victory to the bay region, when, from the top of the city hall, THE TRIBUNE returns were written in fire on the sky.

The signals announcing the results of the election could be seen for many miles. It was a novel, and probably one of the most efficient, methods ever invented for giving news to the people. THE TRIBUNE, through the courtesy of Commissioner Harry S. Anderson, set a new mark in the work of spreading news. Bulletin boards, seen only by a few people at a time, and extras, also slow in spreading news compared with the new method, were thrown aside. Colored bombs were the agency used to tell the people of Oakland that their city took another step forward in the long road of civic progress.

In the city clerk's office adding machines clicked as the large TRIBUNE force totaled up the returns as they came in. Shortly before 8 o'clock the success of the bonds was assured. The vote was coming in on the precinct slips over two to one for the bonds, and after a few totals were added up the result was flashed to the top floor of the city hall. A moment later the explosion of a bomb shattered the quiet of the evening. Colored lights gleamed forth and bombs known as the Tribune bombs flashed for miles around.

Hour before others were out learning about the news. This TRIBUNE again had proved the superiority of its service.

FIRE FIENDS' TOLL REACHES 60 FIRE FIENDS' TOLL REACHES 60

OFFICIAL IS FEDERALS' PRISONER

Acting Secretary Calls Upon Rear Admiral Cowles to Investigate.

General Villa Reported to Be Protecting Americans at Madera.

BULLETIN. EAGLE PASS, Tex., July 23.—An unconfirmed report that Torreon has been captured by Constitutionalists was received here today. Constitutionalists officials, at their headquarters, Piedras Negras, refused to confirm the report.

BULLETIN. EL PASO, July 23.—Huddled in two houses on the main street of Madera, Mex., Americans besieged by bandits, had been reduced practically to starvation when a messenger left there 14 days ago. He arrived here today, and the bandits had surrounded the town bent on the murder of the Americans for the protection they have given cowboys who attacked and killed two members of the bandit band while stealing cattle.

WASHINGTON, July 23.—Acting Secretary Roosevelt of the Navy today called upon Rear Admiral Cowles at Guaymas to investigate the report that Thomas Hind, assistant general superintendent of the Southern Pacific railroad in Mexico is held for ransom by Mexican federalists there. The state department was without information on the incident.

The supply ship Buffalo has gone (Continued on Page 2, Col. 5)

CARLTON H. WALL DIVORCED BY WIFE

SAN FRANCISCO, July 23.—The pretty romance which united Carlton Hobbs Wall, wealthy club man and president of the Teichau Tavern Company, with Violet Armstrong Kesner Wall, a former actress and woman of great beauty, was shattered finally and forever by Superior Judge Van Nostrand today when a decree of divorce was granted. Mrs. Wall came off victorious in her suit charging her spouse with extreme cruelty and received \$10,000 worth of property, which includes a big block of Teichau Tavern stock, when according to court order must yield her an income of \$150 a month. Although Mrs. Wall had hinted broadly at afflictions favored by her spouse, the names of any such were not mentioned by her during the testimony this morning. She says she could not remember them and Attorney Theodore Roche made it a point of asking the court that no publicity be given in this connection.

MOTHER TESTIFIES.

The chief evidence of the day was contributed by the mother of Mrs. Wall. Mrs. Jennie Patterson, who owns the fashionable Thimblemore apartments, where the couple resided, "Wall was of a very quarrelsome disposition," said Mrs. Patterson. "He quarreled with my daughter all the time."

Mrs. Patterson averred that the tenants complained because of the wrangling which went on at all hours of the night and the only time she felt for her daughter's life she told the police asking if she could not have a permit to take Wall's revolver away. She said she got no relief, but that later she hid the weapon for six weeks.

Mrs. Wall requested her divorce.

Her husband was found at other women and said he had once wrongfully accused her of being unfaithful.

UP THE HEIGHTS

RAKE RUINS FOR DEAD VICTIMS

Exact Number Who Perished in Factory May Never Be Known.

Binghamton Mayor to Ask That Day for Funerals Be Set

BINGHAMTON, N. Y., July 23.—The exact number of persons who perished in the fire in the factory of the Binghamton Clothing Company yesterday may never be known. The list of employees is in the ruins. Only a half dozen of the bodies recovered have been identified.

A careful estimate today places the number of those in the building at the time the fire started at 111. Of these only 53 are known to have been saved. Six dead have been identified; 15 bodies, charred beyond recognition, are at the morgue; seven injured are in the hospitals; 46, several slightly injured, are at their homes. Eleven have been reported by relatives as missing and 26 others are unaccounted for.

Mrs. Ida Prentiss, who suffered from the fire, and Mrs. Mary Benny, another of the injured, is not expected to recover.

City officials estimate the death toll at fifty, but admit it may reach sixty, and physicians expressed the belief that the bodies of several of those lost in the center of the building would never be found.

SEARCH FOR BODIES.

Crowds gathered about the scene of the disaster today and silently watched the men at work in the debris under the direction of Mayor Irving. Shortly before noon a body was recovered, burned beyond recognition.

District Attorney F. J. Mesagher announced today that a thorough investigation would be made as to the cause of the disaster and to determine the responsibility for the loss of life.

Mayor Irving will issue a proclamation calling on the citizens of Binghamton for a general observance of a day to be set apart for the funeral of the victims. As many of the bodies are unrecognizable a public funeral will be conducted by the city, and the unknown dead will be buried in a plot on which a shaft will be erected.

FIRE ESCAPES APPROVED.

Frank S. Ash of Binghamton, an inspector of the state labor department, said today that the fire escapes on the building were of a type approved by the state regulations.

The identified dead are:
NEILL CONNOR,
SIDNEY DIMICK,
MARY CREGAN,
MISS FELMER,
LOUISE HARTWELL,
MRS. ALVIN WHITE,
MRS. IDA PRENTISS,
MARY PRYOR.

LIST UNDER RUINS.

The list of the 134 employees of the company who were on the payroll Saturday, some of whom were on vacations, is in the safe under the ruins, making the task of compiling the list of dead a difficult one.

The loss by fire and water to the (Continued on Page 2, Col. 7)

Mexican Fugitives Arrive in Oakland

Mrs. W. A. Pennington and other fugitives from the City of Mexico, stopping at the Hotel Oakland, Oakland, are being held by the police, the police authorities refusing all to be taken out of the city, the police are being held by the police.

LAND INSURES ITS FUTURE; PASSES BONDS

Majorities Piled Up for All Propositions at Yesterday's Election

(Continued From Page 1)

There were 14,663 ballots cast. Working on this figure, the city will be ready for permanent occupancy, the city will cease paying heavy rentals in various private offices and in the old loft building in Broadway, and the citizens will not be forced to wander back and forth when doing business with the municipality, seeking departments.

WHAT NO. 4 PROVIDES

The passing of proposition No. 4, the Municipal Auditorium bonds, means that Oakland will be placed upon the map as one of the few cities in the United States that have a great gathering place for mass meetings, great concerts, public occasions, shows, horse shows, and will also

be ready for permanent occupancy, the city will cease paying heavy rentals in various private offices and in the old loft building in Broadway, and the citizens will not be forced to wander back and forth when doing business with the municipality, seeking departments.

TO COMPLETE WHARVES

Proposition No. 5, which has been carried, means much for the harbor of Oakland. It provides for the completion of the estuary quay wall, stretching from Myrtle to Clay street along First street and the estuary, and providing deep water facilities, belt line, warehouses, docks, etc., in the heart of Oakland's business district. It provides funds for the dredging in the Key Route basin, and for other harbor developments of paramount interest to the commercial interests of Oakland and the industrial development of the city. The harbor of Oakland has been fought for by public spirited citizens for the past 10 years, and accomplishment has just come into the hands of the city in this regard. The dream of half a century has been made possible of realization by the passage of this proposition.

FEW WOMEN VOTE

Noticeably slight if the voting strength of the city as the total vote was, the percentage of the women voting was even less. Reports from the precincts indicate that small portion of the votes were cast by women. At the recent election in which several women candidates were on the ballot for school directorships, the women voted heavily and virtually decided the issue. In yesterday's election, where the fate of the schools themselves were at stake, the vote of the women was noticeably less.

The following statement by Mayor Frank J. Murphy was made today: "Oakland has again proven her right to hold the forward position she has taken among American cities. To have returned such large majorities upon all the propositions submitted in yesterday's bond election indicates plainly that our people are progressive and alive to the opportunity that this city enjoys. The success of all the propositions means that the various great projects we have under way will be rapidly completed and will soon be ready to serve their useful and splendid purpose."

"I congratulate the people of Oakland upon their achievement. The city's place among the forward moving communities of the country is now more secure and certain. As promised to the people, the City Council will proceed at once to lawfully cancel and destroy the old bonds and at the same time take the necessary steps to have work resumed upon all the projects the completion of which is so important."

CITY TO ACT AT ONCE

Harry S. Anderson, commissioner of public works, said today: "Within ten days we will advertise for the sale of the bonds for \$1,000,000 of this bond issue. We hope that it will not be necessary to offer more than five per cent. Interest on the large portion of this issue will be in bonds of \$100 denomination. "While preparing to sell the bonds, we will advertise for bids for dredging a deep water channel in the estuary in front of the quay wall; also for the construction of an approach from First street to the wall, thus giving us deep water dockage facilities. As soon as this work is finished, we will move the garbage hoppers to the quay wall."

"Bids will also be asked for a huge warehouse to cater Apron wharf No. 1 in the Key Route basin. Tomorrow Supervising Architect J. J. Donovan and I will go over the specifications for the interior finishing for the City Hall. The school work will be resumed as soon as possible."

"The vote yesterday was a vote of confidence. We wish to thank all those who have worked for the success of this bond issue for their unselfish labors. It is a great victory and a splendidly fought fight and won in the face of difficulty. It shows that Oakland is ready to meet an emergency and win in the face of odds."

BURGLARS ROB SALOON

SAN FRANCISCO, July 23.—The saloon of Hugh Driscoll, Chestnut and Laguna streets, was broken in by a burglar this morning and \$10 taken from the cash register and a revolver stolen from behind the bar.

VOTE FOR R. R. PRESIDENT ELLIOTT MAY BE CHOICE

Acting Secretary Calls Upon Rear Admiral Cowles to Investigate

(Continued From Page 1)

HOWARD ELLIOTT, PRESIDENT OF THE NORTHERN PACIFIC RAILROAD, WHO IS THE ONLY NAME BEING MENTIONED PUBLICLY AS THE SUCCESSOR OF CHARLES S. MELLER AS PRESIDENT OF THE NEW YORK, NEW HAVEN & HARTFORD RAILWAY.

NEW YORK, July 23.—Locked in secret conference here today the directors of the New York, New Haven and Hartford railroad, are balloting for the successor to President Meller. It was announced this morning that the name of the new head of the road probably would be given out today. Howard Elliott, of the Northern Pacific, has been the only name mentioned in connection with the position, and local railroad men look forward to his appointment.

The New York, New Haven and Hartford railroad proposes to increase its capitalization to the extent of more than \$57,000,000 for the purpose of purchasing new steel cars, passenger equipment, and to make other "necessary" improvements and to refund maturing indebtedness.

This was announced yesterday by President Meller, who called a meeting of stockholders August 22, to authorize the issue, which will bring the company's total authorized stock up to approximately \$260,000,000.

After the divorce the two were completely estranged. Underneath it all, friends of the couple declare, the little flame of love remained, only to be fanned when Mr. Jasper departed for the east. They will, on the return, make their home in Oakland. For the past five years Jasper has been a trusted employee of the county surveyor's office, and one of the best known engineers in the bay region.

While official statements were lacking today, what support President Wilson has given to the project, a partial canvass of the House and Senate foreign affairs committees led those interested in the move to believe that the prohibition against shipments of arms could be repealed with little delay.

It is understood to be the belief of administration officials that should free exportation of arms be permitted to all nations in Mexico the present situation might adjust itself. The Constitutionalists have repeatedly claimed that lack of arms was the only bar to quick victory.

The repeal is proposed on the ground that there is no recognized government in Mexico and that when the prohibition was enacted a regularly constituted government recognized officially by the United States was in existence.

OBREGON'S CONDITION GOOD. NOGALES, Ariz., July 23.—It was announced today by the attending surgeon that the operation upon Gen. Alvaro Obregon, the constitutional leader, had been a success and that the rebel chief should be able to return to the front in ten days. The trouble which required surgical attention was said to have been cerebral cellulitis brought on by exposure and chronic tonsillar disease.

No statement has been received from the State Department at Washington regarding permission for Obregon to return to Mexico to fight.

OFFICIALLY CONFIRMED. EL PASO, Texas, July 23.—Reports received at the Mexican rebel headquarters at Pancho Villa, started south with his rebel command to relieve the Americans at Madera. Meantime the attack on Juarez is given up. Villa, it is said, hopes to win recognition for the rebels from the United States government by protecting its citizens. Reports in El Paso today are that two Americans, who were going across country, have been arrested and detained by the federalists at Chihuahua.

W. W. Stewart, manager of the Parrot Light and Power Company, and A. J. McWhorter, a mining man, were arrested and are now being held in the El Paso jail.

TRUMPANT GOLDEN STATE CHAMPAGNE Wins Another "Grand Prix" at Ghent, Belgium

We are just in receipt of advices from Francis Hope of the California Development Board, who is in charge of the California State Exhibit at the Exposition Universelle, at Ghent, Belgium, that our GOLDEN STATE Extra Dry Champagne was awarded the "Grand Prix" by a jury consisting of thirty-three famous wine tasters (twenty-five of whom were French).

It will be remembered that in October, 1911, this exquisite wine also won the "Grand Prix" at the International Exposition at Turin, Italy.

This remarkable recognition received in Italy and Belgium ought to convince American connoisseurs (and California wine drinkers in particular) that GOLDEN STATE Extra Dry Champagne, which is served everywhere, is NOT SURPASSED BY ANY FOREIGN BRAND AND SHOULD BE USED IN PREFERENCE BY EVERY LOYAL CALIFORNIAN.

W. W. Stewart, manager of the Parrot Light and Power Company, and A. J. McWhorter, a mining man, were arrested and are now being held in the El Paso jail.

OBREGON'S CONDITION GOOD. NOGALES, Ariz., July 23.—It was announced today by the attending surgeon that the operation upon Gen. ORDERS IMMEDIATE RANSOM INQUIRY

Acting Secretary Calls Upon Rear Admiral Cowles to Investigate

(Continued From Page 1)

from Guaymas to Topolobampo and reported conditions quiet at the latter port, and the battleship Louisiana that went to Tampam, has returned to Vera Cruz. This latter movement leads navy department officials to conclude that a measure of order has been restored at Tampam, relieving Americans of the danger they were in when the battleship was sent there under rush orders.

MADERA CONDITIONS

State department reports today say that while the activities of American citizens at Madera are being investigated, the situation is quiet.

Later today it developed that the attitude of the administration toward exportations of arms to Mexico will be to withhold executive permits from both the Huerta and Carranza factions and force them to gather munitions of war elsewhere. Such permits are now necessary for every shipment of arms no matter to whom consigned.

WOULD MEDIATE

LOS ANGELES, July 23.—General Genovese Trevino, veteran of old battles in Mexico, announced today after a conference here with Mexican consul Pena y Cuevas and Juan R. Oro, a former Mexican senator, that he was ready to return to his native land and act as a mediator between the warring factions.

A general truce is possible in Mexico, said General Trevino, "and it is my most earnest wish never to hear of another battle in my revolution-harried native land."

The general, in offering himself as a mediator, declared he was too old to seek office and suggested that a conference between the opposing factions be held at San Luis Potosi. "We must have peace," he concluded. "I shall return to Mexico in three weeks."

FAIL'S RESOLUTION

WASHINGTON, July 23.—No further discussion of Mexican affairs occurred today in the Senate. Senator Fall's resolution for protection of the Americans there had gone to the calendar and he did not attempt to renew the request for action on it.

USED BIBLE

DALLAS, Tex., July 23.—How some of his Mexican captors used leaves of his Bible for cigarette papers was told by L. L. Davis of Dallas who reached home today after being a prisoner of Constitutionalists in Mexico for 12 days. "I used the Bible," he said, "there were only a few chapters left in the book when he was released. He said his captors at times had little to eat themselves but always had shared equally with him. He had been held for ransom, but was released on demands by American consular authorities."

ORDERED TO REPORT

NEWPORT, R. I., July 23.—Rear Admiral Frank E. Beatty, commander of the fourth division of the Atlantic fleet, today received orders to report at Washington.

The admiral arrived here Monday with his flagship Minnesota from Vera Cruz, Mexico, where the battleship had been stationed. It is understood that Beatty is going to report on his suit regarding conditions in Mexico.

MAY REPEAL PROCLAMATION

WASHINGTON, July 23.—Repeal of the neutrality proclamation prohibiting the exportation of arms to Mexico is being considered by the administration as the next step in the Mexican situation. Conferences between President Wilson and Congressional leaders were planned today for a discussion of the proposal to which many leaders have given their approval.

While official statements were lacking today, what support President Wilson has given to the project, a partial canvass of the House and Senate foreign affairs committees led those interested in the move to believe that the prohibition against shipments of arms could be repealed with little delay.

It is understood to be the belief of administration officials that should free exportation of arms be permitted to all nations in Mexico the present situation might adjust itself. The Constitutionalists have repeatedly claimed that lack of arms was the only bar to quick victory.

The repeal is proposed on the ground that there is no recognized government in Mexico and that when the prohibition was enacted a regularly constituted government recognized officially by the United States was in existence.

OBREGON'S CONDITION GOOD

NOGALES, Ariz., July 23.—It was announced today by the attending surgeon that the operation upon Gen. Alvaro Obregon, the constitutional leader, had been a success and that the rebel chief should be able to return to the front in ten days. The trouble which required surgical attention was said to have been cerebral cellulitis brought on by exposure and chronic tonsillar disease.

No statement has been received from the State Department at Washington regarding permission for Obregon to return to Mexico to fight.

OFFICIALLY CONFIRMED

EL PASO, Texas, July 23.—Reports received at the Mexican rebel headquarters at Pancho Villa, started south with his rebel command to relieve the Americans at Madera. Meantime the attack on Juarez is given up. Villa, it is said, hopes to win recognition for the rebels from the United States government by protecting its citizens. Kahn's New Store

It's Fireproof

No part of the new Kahn Store can be burned. It is concrete and steel from the basement floor to the tip of the great dome.

In addition to this absolutely fireproof construction, every floor is protected with almost numberless self-acting automatic sprays that would instantly quench any fire that might start.

As an extra precaution, the building has a system of emergency fire escapes.

It's Earthquake Proof

It cannot be shaken down. It is as safe—and almost as solid—as the rock of Gibraltar.

Its massive walls rest on a foundation sufficiently strong to support four additional stories and the merchandise to fill them.

No expense was spared to surround our customers and employees with safety.

ESCAPING STEAM INJURES FIREMAN

Bursting Valve on Lumber Carrier Point Arena Disables Vessel

Flooding the engine room with a blanket of scalding steam, the main beam valve of the A. W. Beadle lumber carrier Point Arena, burst without warning shortly after 4:30 o'clock yesterday afternoon as the vessel was off a point about 200 yards from the Alameda mole.

Fireman E. A. Crapo, of 145 Sixteenth street, San Francisco, who was working the main beam valve of the valve, was taken unawares and before he was able to climb to the main deck he was enveloped in the mess of steam which poured from the broken pipe, rendering him unconscious.

Finding him absent from the regular crew which assembled on the forward deck to escape from the burning vapor which poured up from the engine room, four men volunteered to go to the assistance of their comrade and succeeded in bringing him to the deck, sustaining painful but not serious burns during the operation.

Crapo was in a serious condition and it was believed that he was dead. The vessel was rendered helpless by the accident and began drifting toward shore. The anchor was lowered and signal whistles for help were soon set going. In response to S. O. S. calls Master Charles Ebert of the Oakland tugboat company, dispatched the tug Chick, Captain J. Axtell and Gatun, Captain A. Berry, to the aid of the craft. In the meantime, a passing launch had been brought into commission and rushed Crapo to the Emergency hospital in San Francisco, where he was treated for second degree burns.

After exhausting its supply of steam, the Point Arena was taken in tow by the Oakland launch and tugboat company's tug anchor, which was towed to the Point Arena. The tug anchor was a vessel of 108 tons. She has been laid up in the local inner harbor for some time. She is owned by A. W. Beadle of San Francisco and was under engagement to carry lumber. The vessel sailed today for Mattole.

friends think certain he is one of the prisoners.

OAKLANDER'S PERILS. SAN FRANCISCO, July 23.—Disasters received here yesterday from El Paso, Texas, tell of the peril of a colony of Americans, including Chas. Pringle, who was captain of the University of California football eleven in 1900, in the Madera settlement, in Northern Mexico.

Threats have been made by brigands, say the telegrams, to kill every American in the settlement, burn the big American house in the camp, and every American house in the camp as the result of the harboring of the American command from the Pancho Villa ranch, after they had killed two bandits of El Mocho Martinez' band.

OAKLAND FAMILY. Pringle is a member of a well-known San Francisco and Oakland family, now prominent in peninsula society, which includes Edward Bidney, Covington, and W. B. Pringle. He is a middle-aged man and has been in the vicinity of the threatened town for several years. A letter from him was received on Monday by W. B. Pringle from the Madera settlement. The letter written two weeks

ago, told of the danger situation, and that the writer would be able to escape if he could find a way.

TRIUMPHANT GOLDEN STATE CHAMPAGNE Wins Another "Grand Prix" at Ghent, Belgium

We are just in receipt of advices from Francis Hope of the California Development Board, who is in charge of the California State Exhibit at the Exposition Universelle, at Ghent, Belgium, that our GOLDEN STATE Extra Dry Champagne was awarded the "Grand Prix" by a jury consisting of thirty-three famous wine tasters (twenty-five of whom were French).

It will be remembered that in October, 1911, this exquisite wine also won the "Grand Prix" at the International Exposition at Turin, Italy.

This remarkable recognition received in Italy and Belgium ought to convince American connoisseurs (and California wine drinkers in particular) that GOLDEN STATE Extra Dry Champagne, which is served everywhere, is NOT SURPASSED BY ANY FOREIGN BRAND AND SHOULD BE USED IN PREFERENCE BY EVERY LOYAL CALIFORNIAN.

W. W. Stewart, manager of the Parrot Light and Power Company, and A. J. McWhorter, a mining man, were arrested and are now being held in the El Paso jail.

OBREGON'S CONDITION GOOD. NOGALES, Ariz., July 23.—It was announced today by the attending surgeon that the operation upon Gen. Alvaro Obregon, the constitutional leader, had been a success and that the rebel chief should be able to return to the front in ten days. The trouble which required surgical attention was said to have been cerebral cellulitis brought on by exposure and chronic tonsillar disease.

No statement has been received from the State Department at Washington regarding permission for Obregon to return to Mexico to fight.

OFFICIALLY CONFIRMED. EL PASO, Texas, July 23.—Reports received at the Mexican rebel headquarters at Pancho Villa, started south with his rebel command to relieve the Americans at Madera. Meantime the attack on Juarez is given up. Villa, it is said, hopes to win recognition for the rebels from the United States government by protecting its citizens. Reports in El Paso today are that two Americans, who were going across country, have been arrested and detained by the federalists at Chihuahua.

MOVIE THEATER WAR CONTINUES

Cases Growing Out of Factional Warfare of Partners in Court

Five of the cases growing out of the warfare among the partners in the Lyric theater came up in the courts this morning. All those arrested on the battery and disturbing the peace charges pleaded not guilty and will be tried during the coming two months.

Cats and bedding were carried into the Lyric theater last night, where Emilie Kehrlein, the fighting third partner, is holding the fort against James T. Turner and Fred Dahken. The situation at the motion picture house has remained unchanged since yesterday morning, although attempts have been made to break through the guards and regain possession of the theater.

E. F. Turner, arrested Sunday for battery on the morning before Judge R. B. Balboa, will be tried July 23. Walter Kehrlein, arrested on a charge of disturbing the peace, will be tried by a jury August 19, having demanded this right.

Jury trials will be accorded A. P. Adv. L. A. Brown and G. W. Johnson, detained arrested charges of disturbing the peace in the theater trouble, before Judge Mortimer Smith. The trials will be commenced August 22.

Officers of Fred Dahken and James J. Turner of the Lyric Theater Company in support of a motion to restrain the Lyric Theater Company from interfering with the affairs of the corporation in theaters at Oakland, Stockton and Fresno, were filed yesterday in the superior court of San Francisco.

NO INTEREST.
The affidavits declare that Kehrlein has no interest in the Lyric Theater Company save as a holder of one share of stock and that the employees of the Lyric Theater Company are not serving the company as an employee for wages at the Oakland Photo Theater, where a clash between the Oakland police and private detectives occurred Monday, following a struggle for possession on the preceding Sunday.

That Kehrlein, while in possession of the Photo theater temporarily last Sunday "abstracted from the cash register a large amount of money, the exact sum unknown to affiant, but believed to be in excess of \$50," is one of the charges in Dahken's affidavit. It is also charged that Kehrlein "took from the cash receipts a sum believed to be in excess of \$150" on the same occasion.

ALLEGED DAMAGE.
The affidavits set forth that Kehrlein, accompanied by his agents, A. P. Adv. and employees of the National Detective Service Company, entered the premises and ejected the employees of the Lyric Theater Company and that later the defendant regained control. Dahken and Turner charge that they sustained damage by the alleged action of Kehrlein and that Frank Lawrence, one of the employees, was injured.

The "movie" battle first came up in the local courts last April when Kehrlein sued for a dissolution of partnership. In their affidavits Dahken and Turner deny that there ever existed a partnership with Kehrlein and that when the Lyric Theater Company temporarily closed it had nothing to do with Kehrlein or any partnership save to engage Kehrlein as an employee. An affidavit is filed by E. B. Johnson alleging that Kehrlein was simply an employee of the corporation, receiving salary and allowed to hold one share of stock.

'MUGWUMP,' NAME GIVEN M'VEAGH

Representative Watson So Regarded Secretary, According to "Lobby" Letter

WASHINGTON, July 23.—Former Secretary MacVeagh was dubbed a mugwump in a letter from Representative Watson to Martin Mulhall on September 18, 1909, according to the latter's testimony today before the lobby investigation committee. Watson, evidently trying to land Secretary Schwedman of the manufacturers on the tariff board, wrote that President Taft was appointing only men recommended by MacVeagh.

"If he were a Republican we might reach him," wrote Watson of MacVeagh, "but he is a mugwump and I am not hopeful of final success, for I will swear I never on earth knew what to do with a mugwump inasmuch as I have no right to kill him."

Mulhall writing to General Manager Bird of the manufacturers advised him to be "in good fighting shape on September 12 to visit the White House at Beverly with me."

ANSWERS CHARGE OF USING MAIL FOR BUNCO

SAN FRANCISCO, July 23.—Isaac Mario Grosso, captured at the Security Bank and Trust Company of Oakland, at the instance of Postoffice Inspector O'Connell in connection with a bunco plot, was before United States Commissioner Krull this morning. Grosso is accused of using the mails to defraud and after hearing some of the evidence the commissioner continued the case until August 1.

FERNALD.

SECRETARY IS GUEST OF J. D. SPRECKELS

Head of Navy Takes Trip to San Pedro Today

SAN DIEGO, July 23.—Secretary of the Navy Josephus Daniels left for San Pedro this morning at 9 o'clock on the yacht Venetia as the guest of John D. Spreckels, owner. The Venetia is due at the Northern pier at 5 o'clock this evening. At 11 o'clock this morning, the cruiser South Dakota, with the women of the secretary's party on board sailed for San Pedro. It will overtake the Venetia and convey the yacht to San Pedro.

Secretary Daniels and Mrs. Daniels arrived on the train from the north at 8:30 last evening. With them were Rear Admiral H. N. Manney (retired), of the commission council and F. J. Lee, president of the Chamber of Commerce and other prominent citizens who met the secretary's party at Los Angeles and returned with it to this city.

At the station on arrival here the secretary was met by a committee and taken with Mrs. Daniels to Coronado where they will spend the night. Last evening a banquet was given in honor of the secretary, while Mrs. Daniels was entertained by a committee of prominent women.

TO LEAD FLEET.
In an interview before going to Coronado Secretary Daniels said that it was his purpose to stand on the bridge of the old Oregon and lead the entire battleship fleet of the United States through the Panama canal and thence up the Pacific coast. That voyage will be made, he said, as soon as Colonel Goethals gives the word that the fleet may steam through the waterway and the first stop in the United States will be at San Diego. Secretary Daniels was unable to predict when the battleships would start on the long trip, but he said that the fleet would be assembled and be ready for sailing when Colonel Goethals announces that the canal is open.

He added that while the plan for having the procession of warships headed by the Oregon is still only tentative. It is his desire that the famous old battleship shall lead the armada on its voyage from Hampton Roads to the Pacific coast.

ARRANGE LOCAL PROGRAM.
The general committee working on the details of the banquet and reception to be tendered to Secretary of the Navy Josephus Daniels next Saturday evening completed the list of speakers yesterday, and addresses from prominent city officials, automobile guests and the cabinet officer himself have been arranged. Victor H. Metcalf will preside as toastmaster. Mayor Frank K. Mott will welcome Secretary Daniels to Oakland. Secretary Daniels will respond to the toast "The President," followed by R. M. Fitzgerald, whose speech last night was "Our Guest," and then the presentation address. Mrs. Victor Metcalf, wife of the former secretary of the navy and Mrs. Fitzgerald, will be the first to speak.

Speeches of honor will be made by Mrs. Daniels on that occasion. Throughout the evening there will be a reception to Mrs. Daniels.

MRS. ANDERSON IS HELD FOR TRIAL

Woman Accused of Passing Bad Checks to Face Superior Court

Mrs. Katherine Grace Anderson, arrested for passing bad checks, was held over for trial before the superior court by Justice R. E. Tappan, sitting for Judge Samuels this morning, bail being fixed in the sum of \$500. Mrs. Anderson, who is the wife of M. F. Anderson, a United States navy petty officer, too the witness stand this morning and admitted her guilt.

Anderson was not so surprised that she was unable to speak above a whisper and even then was barely able to respond to the interrogations of her attorney, Mervyn Samuels. Samuels explained that the woman was suffering from a nervous breakdown, and was for this reason that he had asked haste in the matter of the preliminary examination. It is

base on that this afternoon. Mrs. K. Miller, mother of the defendant, declares that her daughter did not issue the bad paper to obtain money to pay bills for her. Mrs. Miller has been ill, but she states that she was able to pay for medical attendance herself.

"The whole thing is a mystery," declared Mrs. Miller. "I think my daughter lived beyond her means, and thought that she could make good the money before she was found out."

Anderson moved from the fashionable "Yacht Club" where she was arrested, he had no idea his wife was committing the crimes alleged against her.

PROBATION REPORT CAUSE OF CLASH

Ruess and District Attorney's Office Disagree in Cases

A clash of opinion between the district attorney's office and Probation Officer Christopher Ruess, which is expected to lead to an investigation by the grand jury has occurred over several cases where the probation officer's report has aroused bitter criticism by the district attorney's aides. The attorneys assert that Ruess has used poor judgment in his recommendations, and asserts that his decisions are wrong in the extreme in the case of the convicted Secretary of the Lyric Theater Company, Benjamin J. Warner, who was declared to have ruined the fifteen-year-old Summerfield girl, was allowed probation, while the two girls were remanded to a state institution.

The Bowman girl declared that she had never had improper relations with any but Warner. Despite this the man was released, and she was remanded on the recommendation of Ruess.

Ruess endeavored also to have postponed the case of James O. Anderson, charged with a wife from an old sister-in-law. The case came before Judge Donahue yesterday. The jurist asked if his object was not to take advantage of the new law effective August 10, by which criminals who have been jailed for a year may be released on parole. Ruess admitted that such was the case, and later said that there were extenuating circumstances in the case. The girl's extreme youth caused criticism of this opinion.

Oxygen Explosion May Cause Loss of Life

Explosion of an oxygen tank this afternoon inflicted frightful injuries on Ludwig Kettner, residing at 3300 Elmwood avenue, near the corner of Broadway and Franklin streets. He suffered severe abrasions about the head and chest and will probably lose his left eye, gouged by a lot of flying metal. The man was removed to the emergency hospital, where he was treated by Sergeant Cone.

UNHAPPY COUPLES ARE GIVEN DIVORCE

Final decree of divorce was today granted Arthur Ward from Gladys Ward by the Superior Court today. Judge Fred V. Wood rendered the decree.

Alice C. Diekmann was granted a final decree from Adolph L. Diekmann. Cruelty was the ground for divorce. Alimony in the sum of \$25 per month was awarded the plaintiff.

NEIGHBOR IS FLYING

While returning to their home at 1423 Linden street late last night, Edward Giamboni and his sister, Matilda, were terrorized by a man who suddenly flashed an electric torch in their faces near Fourteenth street and then to them to give up their money. They ran. The police were notified, but believe that the alleged hold up was a prank on the part of some neighbor.

JIM PHIZ, His Remarks

The old "Slaughter House Bridge" at the foot of B street, Hayward, has been torn down preparatory to the construction of the new concrete bridge, which will be started next week. If E. Fernald, the contractor in charge, reported to the county supervisors office today that all was ready to proceed with the work. The new bridge, of concrete, will span Alameda creek and will cost in the neighborhood of \$15,000.

WORK TO START ON NEW CONCRETE BRIDGE

Plans for sewers under the proposed St. Francis District election to be called next Saturday by the people of that place, are now completed and in the hands of Hartland, Dexter and Tibbitts, engineers in charge of the work. A resolution of the people of the district will be presented next week to the supervisors of Contra Costa county and this will call the election. Should it carry, the plans as drawn by the local engineers will be adopted as a working basis. A complete system in the district is planned.

HEESEMAN'S

BRIDE WIRES: 'SEYD HAS GONE'

Young Havens Left Wife, According to Her Message to Parents

Rumor has been confirmed in the case of Seyd Havens and his pretty young bride, and it is now certain that he left her in Calgary, Canada, and went alone to New York to write to a wife from her parents. Mr. and Mrs. M. K. Miller, Mrs. Havens has telegraphed, saying that the rumor of Havens' going to New York is true.

"Seyd has gone. Don't worry. Am writing today. Love to all. Sue." So read the message which told the anxious parents that the story which was first brought to them by a newspaper representative was true.

"We know nothing further than what our daughter says in her wire," said Miller this morning. "We do not know whether she will come home at once or not, but of course we shall urge her immediate return. The whole affair is very mysterious and we do not pretend to understand the ins and outs of the matter until hearing further from Mrs. Havens."

Havens is said to have made the statement in New York that he had quarreled violently with his wife before leaving her, and that there could be no hope of a reconciliation at that time. He was reported to be willing and even anxious for her to get a divorce on any grounds whatever. Whether the pretty young wife will do so will not be known until further word is received from her.

The sequel to the tangled tale is awaited with keen interest. So many startling and unexpected things have marked the course of the Havens-Miller romance that some speculation as to what will be the wedding and the separation would not surprise society.

WILL DISCUSS WALK MATTER

Down Town Improvement Club Calls Special Meeting for Wednesday

The proposed re-establishment of the fifth of sidewalks on Washington street by ordinance presented at the council last week has created so much diversified comment that in a spirit of fairness it can be stated that the street department does no intend to immediately enforce the ordinance. It is a suggestion that the street department desires to see worked out that the sidewalks may conform the entire length of the street.

South of Seventh street the sidewalks are now fourteen feet in width and between Seventh and Fourteenth streets are at present 18 feet wide and this ordinance proposer to take from the present sidewalk in the seven blocks mentioned four feet on each side of the street and eventually add the eight feet to the width of the street. On the extension, Fourth and Fourteenth streets the width of sidewalks on both sides have already been established at fourteen feet. Washington and Clay streets are the same width between the property lines, that is 84 feet and the sidewalks on Clay street the entire length is 14 feet, but on the latter street there are no car tracks. Broadway is 110 feet between property lines and with 20-foot sidewalks and two car tracks the same as Washington street. It is proposed to re-establish the width of sidewalks on this street so that when new buildings are erected the outer basement walls shall be built so as to allow of the sidewalks being at least four feet on each side. That the matter may be fully discussed and some arrangement arrived at, the Board of the Down Town Improvement Club has called a special meeting of the club for Wednesday, July 24, at which all property owners or parties interested, not members of the organization, are most cordially invited and will be afforded an opportunity to express their views.

GOLDBERG'S WIDOW GIVEN ALLOWANCE

Jeanie Goldberg, widow of the late Harry Goldberg, today made application for a dollar per month was allowed by the superior court. There are several children, Louis, Joseph, James and Abraham.

There'd be fewer minims if the minims and maxims were the same.

I. W. W. SOLDIER FIGHT PREVENTED

Older Enlisted Men Maintain Order at Street Meeting

COLUMBUS, Ohio, July 23.—Only the discipline of soldiers from the Columbus Barracks last night prevented a free-for-all fight between Industrial Workers of the World, the police, soldiers and a crowd which had collected on a principal street corner to hear Martin Phelan, an Industrial Worker, speak.

Mounted on a soap box, Phelan berated the United States army and navy, picturing the system of enlistment as a hoax and subterfuge, and questioning the manhood of those

were twenty enlisted men.

While the crowd applauded approval, a young soldier was hoisted on the shoulders of his companions, and proceeded to warmly defend the army, and especially the treatment accorded enlisted men in the Columbus Barracks. Suddenly an automobile load of police arrived on the scene and an attempt was made to drive the soldiers away.

The soldiers were about to take matters into their own hands, when older enlisted men arrived and called upon them to "remember your uniforms and don't fight." The crowd then quietly dispersed.

DANIELS NOT BLAMED

SEATTLE, July 23.—A joint telegram absolving Secretary of the Navy Daniels of any responsibility for the street riots here Friday night when a mob of civilians led by sailors from the Pacific Reserve Fleet sacked the headquarters of the Socialists and the Industrial Workers of the World, was sent to President Wilson tonight by J. E. Chilberg, president of the Seattle chamber of commerce, R. L. Sparker, president of the Arctic Club, and Dr. Frank I. Shaw, president of the Rainier Club.

SOCIAL CLUB MAY LOSE ITS LICENSE

Chief of Police Petersen Seeks Revocation of Bartenders' Permit

Revocation of the free license enjoyed by the social club of Bartenders' Union, Local 553, was recommended to the city council this morning by Chief of Police Walter J. Petersen, on the ground that the union had sold the liquor and bar privilege of the club to W. R. Hackett, who was running it for private gain. The council passed a resolution giving the representatives of the club an opportunity to show cause why the license should not be revoked.

The recommendation from Chief Petersen carried a report by Captain Charles Bock, showing that the bar privilege had been sold and a copy of an anonymous letter stating that gambling and percentage poker had been permitted in the place by Hackett.

**CARD GAME LANDS TRIO
IN JAIL; THEFT CHARGED**

SAN FRANCISCO, July 23.—John Budoff, Jurkich Ulrich and John Slapshnikoff are charged with obtaining money by trick and device, and are in the city prison as the result of a friendly card game in a De Haro street saloon early this morning. A copy of an anonymous letter stating that gambling and percentage poker had been permitted in the place by Hackett.

**HIT BY AUTO TRUCK;
HAS ARM AMPUTATED**

SAN FRANCISCO, July 23.—P. J. Dunn, retired, of 2044 Polk street, was struck by an auto truck and killed at 3 o'clock this afternoon. He was taken to the Central Emergency and the physicians found that his left arm was so badly crushed that it would have to be amputated. He also suffered a lacerated scalp and concussion of the brain.

**TO FIGHT INVASION OF
MEDITERRANEAN FLY**

WASHINGTON, July 23.—The United States Public Health Service will co-operate with the Agricultural Department to prevent the threatened introduction of the Mediterranean fly on the Pacific Coast. Sherman Allen, assistant secretary of the treasury, today took with the Agricultural Department the questions of means of preventing an invasion.

PERSONALLY SPEAKING

Andrew Ryder, who served as Alameda county clerk thirty years ago, is visiting at the home of Mrs. J. Cushing, 665 Sixteenth street, with Mrs. Ryder. He is now one of the largest and most successful fruit growers in Placer county, having huge orchards at Loomis. Mr. Ryder was also well acquainted with the railroad profession in early days, being one of the oldest conductors in Northern California.

This is only the second visit of the orchardist to Oakland in twenty-four years, and he is busy renewing pleasant memories here, all the while wondering at the remarkable changes that have taken place in the city during that time.

SHERIFF SKEPTICAL OF ESCAPE THEORY

Barnet Doesn't Believe Prisoners Got Away in Woman's Attire

That James Comerford, believed to have escaped from the county jail Sunday disguised in woman's clothes, effected his escape in man's attire is the theory now advanced by Sheriff Frank Barnet, despite the declaration of Jailer Eugene Stachler that the man must have effected his getaway in disguise. Stachler declared that a general jailbreak was planned.

"I recall that Comerford did not stay behind the prison to talk to his relatives several times, but he paid no attention. I believe that he got away in woman's attire. It is the only way he could have done so."

A trusty named Anderson, who attends the garden about the jail, is of the opinion that he saw Comerford come out in his own clothes. He says a woman and a man were with the escaped prisoner. He particularly noted the woman, he declared.

Stachler is still on duty and Sheriff Barnet is still in the office.

SKULL OPERATION MAY NOT BE CURE

Trephining in Effort to Cure Crime Is Matter of Doubt

Operation on the skull of C. Smith, accused of forgery, may not be a success, according to reports from the emergency hospital today. Drs. Irwin, Reinle and Hamlin performed the operation in the hope that it might cure the patient of epileptic fits and mental trouble believed to be responsible for his alleged criminal tendency.

"The operation was undertaken to bring relief if possible," declared Dr. Hamlin. "The man had sustained a fractured skull in an accident and there was pressure on the brain. I cannot say whether or not this is responsible for his criminal tendency. At any rate, the result of the operation cannot be ascertained for some time yet."

The man will, it is believed, recover from the operation. He rallied successfully. From a surgical standpoint the trephining of the man's skull was a complete success and the brain pressure was removed. It had, however, been there for several years, which makes the outcome still doubtful.

SHOWCASE THIEF STEALS LOOT VALUED AT \$100

Smashing open the showcase in front of the Crescent Corset company last night, a thief stole 15 pairs of earrings, 10 necklaces and 8 brooches, valued at \$100. The police have been asked to investigate.

Two burglars were committed by two yeomen working in Alice street last night. Forcing a side window, the burglars entered the home of Mrs. M. Hunter, 1111 Alice street, and ransacked the place. They stole a diamond ring valued at \$108, a gold wedding ring and other jewelry. One of the men were apparently chased and took a run of escape.

The second burglary was committed at the home of R. C. Humphreys, 1555 Alice street, where a gold ring and \$28 in coin were taken.

A burglar cut a hole in the store window of N. Anderson, tailor, and stole cloth valued at \$30 last night.

RUMOR IS CAUSE OF BIG RUN ON BANK

CHICAGO, July 23.—A report that the Kenwood Trust and Savings Bank was in financial difficulties, caused a run on that bank yesterday and resulted in the withdrawal of about \$100,000 by several hundred excited depositors. As many more depositors were turned away when the closing hour was reached, but they were notified by A. K. Brown, president of the bank, that the report was unfounded and that the bank would pay them their money in the morning at 9 o'clock, when regular business would be resumed.

Just before the bank closed for the day 10 depositors appeared with large rolls of currency, displayed them to the crowd and then deposited the money, at the same time grasping the president's hand and assuring him of their confidence in the institution. A disgruntled depositor who was refused money on a check because of an error in endorsement is said to have spread the rumor.

WATERFRONT LAD IS NEARLY DROWNED IN BAY

SAN FRANCISCO, July 23.—Willie Ferrano, aged 12, who lives at 12 Jasper Place, has spent his life on the waterfront. He has played on the wharves and climbed over and under the piers, but today was the first time he was actually in the bay. He fell from Washington street wharf and a human chain had to be formed by two citizens to rescue him. He was resuscitated at the Harbor Hospital.

TAKES UP MONTESSORI WORK IN SETTLEMENT

ALAMEDA, July 23.—Miss Dorothy Holbrook, supervisor of play in Lincoln park, has resigned her position with the city to take up settlement work in San Francisco. She is working among the Italian children in the metropolis, teaching the Montessori system.

HEAVY RAINFALL FLOODS COALINGA

Fills Sump Holes Storing Oil and Causes Great Damage

COALINGA, July 23.—Rain, beginning at 6 o'clock and continuing until 8:30 last night without a letup, filled the streets of Coalinga, both in the residence and business sections, curb to curb. In many cases it was impossible for people to leave their homes without wading in water above their knees.

The rain came from the west, and around Section Six and the American Petroleum holdings the torrents filled the sump holes in which the oil is stored. The oil overflowed and the streams came through every west side street, which were covered with a scum of oil

done by the oil, as it covers every lawn in the western section of the city and many other parts. The lawns will be ruined.

In the downtown sections on the paved streets the streams are rushing in torrents and the stores that are level with property line are covered with six inches of oil and water.

Never before has Coalinga experienced such a flood. It is still raining in the mountains and if the Los Gatos and Weather creeks the great damage will result.

IMMIGRATION STUDY TOPIC

Many Oakland and Berkeley Citizens Attend Federate School of Missions

MOUNT HERMON, July 23.—Additional Oakland and Berkeley people who have come to Mount Hermon are: Oakland, Mrs. James Sunderland, Mrs. L. A. Johnson, Mrs. Bills, Harold Bills, Paul Cook, Mrs. Lang, Mrs. Danks, Mrs. Augustus, Mrs. H. C. Ingram, Mrs. Caldwell, Berkeley, Mrs. Elizabeth Marsh, Mrs. Brunh, Mrs. L. R. Brown, Mrs. John Service. The number of people interested in Mount Hermon Federate School of Missions may be judged by the fact that the fees of those registering on Monday morning amounted to more than the fees of the entire summer school week last year.

"The study topic studied, one of the large motives aroused among the members of Oakland for the wall of the main room of the mission building being that saying of Hamilton Mabie, 'The Main Business of the Twentieth Century is to Help the Races to Get Acquainted.'"

MONEY ARRIVES END

SAN FRANCISCO, July 23.—Charles Eastwood of 49 Ford street, a remittance man in the habit of looking forward monthly to receiving a check. The money has arrived, but Eastwood has disappeared. Three weeks ago he left home and nothing whatever has been heard of him. He is 45 years old, 5 feet 8 inches tall, mustache and has a dark complexion. He is a veteran of the Spanish-American war.

ODOR OF OPIUM IS JEW HUNG'S UNDOING

SAN FRANCISCO, July 23.—If Jew Hung had gone to court bareheaded he would not be in jail today. His denials yesterday that he either smoked or dealt in opium convinced Judge Crist and he was given his liberty, but in passing Detective Sutcliffe declared as he left the courtroom he trailed behind him a sticky smell that stuck in the detective's nostrils. Search disclosed two packages of opium inside of Jew Hung's hat band. He was rearrested and must face trial again.

MOTORCYCLE FIRE PATROL FOR MARIN

SACRAMENTO, July 23.—Forest fire patrolmen mounted on speedy motorcycles will hereafter chug chug their way through wide fire lines in the Mount Tamalpais woods, thereby limiting any future chance of damage by fire to Marin county cities, if a plan devised by State Forester Homans meets with the approval of Marin citizens.

RETURNS WITH PRAISE FOR AMERICAN SURGERY

America now leads the world in surgery, according to Dr. Wilfred E. Bixby, a well known physician and surgeon of a year in Europe studying in the French German and Viennese hospitals. Dr. Bixby declares that American surgeons are far more perfect in technique, appliances and general methods than in any part of Europe.

Dr. Bixby spent nine months in Vienna attending clinics and doing special investigating in rare diseases in the Alphonse Krankenhaus, the largest hospital in the world, which is run by the government and has a capacity of more than 6000 beds.

Y. M. I. DELEGATES TO CONVENE SOON

Extra Accommodations Being Provided at San Jose for Council

SAN JOSE, July 23.—Extra accommodations are being provided for the expected delegates to the twenty-ninth grand council of the Young Men's Institute and the sixteenth grand institute of the Young Ladies' Institute that opens here Sunday, July 27. Thousands of visiting delegates are expected from all parts of the state and this year's gathering is expected to be the most successful in the history of the organization.

Preceding the formal business to be transacted John the Dromedary, Nora will be informal dances and receptions Saturday night at the St. James and Vendome hotels, with Golden Gate

No. 35 as hosts.

Sunday morning an immense parade will wind its way through the principal streets of the city, the features of which will be fancy drills done by various drill teams of both the institute and council. Valuable trophies are the rewards for excellence of work. Open air mass will be celebrated on the grounds of the college of Notre Dame at 11:15, after which luncheon will be in order. Receptions will be held by the institute, open to all, at luncheon, and at 2:30 a baseball game will be played between two institute teams. Special talks and dramas have been provided by the railroad company.

The grand officers of the state council are as follows:

Honorary grand chaplain, Most Reverend P. W. Riordan.

Grand chaplain, Rev. M. D. Slattery.

Past grand president, J. J. McGowan.

Grand president, James F. J. Kierce, James Gallagher, Samuel Haskins, A. F. St. Sure, D. J. O'Leary, Thomas W. Kelly, James D. Whelan, John P. Fitzgerald, Charles G. Wiley, William J. Hennessey, James P. Sex, S. B. Dugan, John P. Dugan.

Grand president, Thomas P. White.

Grand first vice-president, James A. Bacigalupi.

Grand second vice-president, D. J. Lucey.

Grand secretary, George A. Stanley.

Grand treasurer, Leo L. Kavanaugh.

Grand marshal, Thomas F. Allen.

Grand inside sentinel, Joseph P. Malone.

Grand outside sentinel, Charles J. Cowen.

Grand directors—Charles R. Hancock, George J. Oliva, John F. Galvin, D. J. McMahon, Bernard McElrath, P. O'Brien, J. J. McElrath, P. O'Brien.

Past supreme directors, John Riley, T. H. Morris, F. J. Driscoll, E. R. Myrick.

Austrian Police Chief Seeking Spies in N. Y.

NEW YORK, July 23.—A search for international spies believed to have headquarters in this city is understood to be the mission of Captain Adolph Maria Herrmann, chief of police of Trieste, Austria, who has arrived here. Information bearing on the loss of battleship plans from the naval office in Washington is said to be in possession of Captain Herrmann, who is expected to co-operate with Secret Service agents in an effort also to recover plans stolen from European governments.

VICTIM OF ROBBER IMPRISONED IN PIPE

SAN FRANCISCO, July 23.—After holding up John Sousa, dredge man, at a late hour last night, a robber practically sealed him in a large pipe, which was on the way to Sansone and Greenwich street. Sousa was working in a friend on the northern waterfront when he was set upon by the robber, who struck him in the eye, knocking him to the pavement and locking him in the pipe. Sousa awoke he found himself blocking his exit and \$20 had been taken from his pocket.

TO LEVY TAX FOR COUNTY LIBRARY

MARTINEZ, July 23.—The adoption of the scheme for the organization of a free library system for Contra Costa county was strongly urged at a meeting of the County Library Board. When the tax levy is made in the fall it has been estimated that a tax of 1 cent on each \$100 for the library. Whether Richmond will come in on the county library at this time is yet a question, but if it does the sum of \$4000 will be raised. If Richmond remains out of the county library over \$3000 will be available, which is considered ample for starting the library on a small plan.

CLOTHES WASHING IDEA PALED HER HONEYMOON

SAN FRANCISCO, July 23.—Mrs. Mary C. Blison, wife of George Blison, a grocer, who has been married but little over a year, filed a divorce complaint today in which she says that the day after her marriage and when she was still very much on her honeymoon, her spouse opened a trunk filled with soiled clothes and said, "Here is a job for you."

Another time when she wanted to be taken out to dinner he reminded her that she could easily go home and get a bowl of soup. These little pleasantries palled upon her and now she wants a legal separation.

DAMAGES SOUGHT.

Alleging that the defendants are infringing on his patent for a bread wrapper which has built him up a huge trade, Frank C. Doris has filed suit against the Golden Sheet bakers of Berkeley, M. T. Bracken and A. G. Bracken, proprietors of the latter's business, are named in the complaint, and Doris demands \$2500 damages. He also asks an injunction to

Rid Your Children of Worms

You can change fretful, ill-tempered children into healthy, happy youngsters by ridding them of worms. Tossing, rolling, grinding of teeth, crying out while asleep, accompanied with intense thirst, pain in the stomach and bowels, feverishness and bad breath, are symptoms that indicate worms. Kill them with Worm Killer, a pleasant candy lozenge, expels the worms, regulates the bowels, restores your children to health and happiness. Write to A. Richter, of Elgin

SENATORS SILENT ON TARIFF BILL

Upper House Takes up Measure Section by Section For Amendment

WASHINGTON, July 23.—With no senators, Democratic or Republican, ready to speak on the tariff bill, the Senate today took up the measure section by section for amendment.

No Democratic speeches have been made since the debate opened last Friday except Senator Simmons' formal statement in behalf of the Democratic side of the finance committee.

Republicans offered no opposition today to the consideration of the bill section by section.

Senators Weeks, Dorah, Townsend and Works, all Republicans, are reported to make general speeches this week. Many short Democratic speeches are expected during the consideration of the bill under the formal reading for amendments.

TOY BOAT BRINGS JAPANESE HERE

Eight Who Cross Pacific in Primitive Way to Be Deported

VANCOUVER, B. C., July 23.—Immigration officials began today an examination of the eight Japanese who reached Vancouver yesterday by steamer from Bella Bella, an up-coast village. They had come from Japan aboard the Sanpan, a boat about 60 feet over all, which had taken seventy days to make the trip across the Pacific.

merely a needle balanced on an upright pivot, and a map of North America about six inches square, not quite as accurate as the average map in a railway folder, were the only aids to navigation on board.

According to the captain of this craft, which carried 27 Japanese, they were bound for Alaska and thence back to Japan via the Aleutian Islands, "looking for herring." Eleven Japanese were put ashore and the Sanpan went to sea again. The Canadian fishery cruiser William Joffe is looking for the Japanese vessel.

The Japanese say they paid the captain from \$50 to \$100 each to bring them across the Pacific and land them near Seattle. They will be deported.

YOU MURDERESS, HISSES MOTHER

Parent of Dead Man Creates Scene at Examination of Mrs. Mabel Tilton

ALAMEDA, July 23.—Mrs. Mabel Tilton, mother of the late Walter M. Tilton, who was killed last night, hissed Mrs. Mabel Tilton just after the latter had been freed of the charge of murder which had lain against her since Walter M. Tilton, the elder woman's son, was

last night. Mrs. Mabel Tilton started violently and hissed at her late husband's mother spoke in a shrill voice, and a moment later the wife broke into hysterical weeping which took several minutes to calm.

Notwithstanding the mother's direct charge, there was no testimony deduced at either the coroner's inquest last Wednesday or the examination of Mrs. Mabel Tilton in the police court yesterday afternoon to indicate that the tragedy

which Tilton himself was alleged to have committed, the mother contained imbedded in the shooting that Mrs. Mabel Tilton had neglected her son.

The witness at the examination yesterday were Mr. and Mrs. S. C. Hastings, Police Officer L. W. Schroeder and City Engineer Arthur H. Henson. Mrs. Mabel Tilton did not take the stand. She was dressed in deep black, and was accompanied into court by the Hastings. She remained silent throughout the examination. After the findings of the coroner's inquest last Wednesday she was released on her own recognizance.

FORMAL OPENING OF ELEGANT CAFE

The Arena Throws Wide Hospitable Doors to the Public

Tomorrow Mr. S. Arena will formally open his new, elegant and exclusive bar located at 824 Broadway. Mr. Arena, well and favorably known in the local business world for the past seventeen years, says that he intends to make his new venture one that all Oakland will take pride in. He certainly has spent a great deal of money and time in fitting up this cafe, all the woodwork, including the bar and fixtures, being massive mahogany.

Mr. Arena's own genial personality, together with his determination to serve only the very best of wines, liquors and cigars, bode fair to make "THE ARENA" one of our most popular resorts.

As many inquiries have already been made of Frank Saunders, active manager, as to the exact date of the formal opening, we again state that tomorrow (Thursday, July 24th) is the day, and you had better be on hand. There will be something good in store for you.

—Advertisement.

YOU HAVE SUFFERED ENOUGH!

NOW GET THOSE BAD TEETH FIXED PAINLESSLY

Your teeth have caused you enough misery. Don't pay a dentist to inflict more punishment upon you. By coming to me you can avoid all the pain in the dental chair, and you'll get better work than you could procure elsewhere for the same money.

I don't claim to be the only one who advertises painless dentistry, but I do claim that I am the only dentist who has actually succeeded in making all work for the teeth painless. My special method can pull teeth without hurting, the pulling teeth is not all there is to dentistry—not by a long shot.

I won't extract a tooth in order to be a good repair. It's much better to save them to destroy. The person who allows a dentist to extract teeth that are merely slightly decayed must imagine that nature is going to sprout a new set for him. What a sad mistake!

Terristhesia, my wonderful method of preventing pain, enables the most nervous people to sit quietly and comfortably while having dental work of any kind performed. When I apply Terristhesia, the sensitive teeth, fill nerves in the particular teeth go to sleep, making it impossible for the patient to feel a single twinge of pain.

I do not put my patients under the influence of gas or of any other narcotic. Terristhesia is perfectly harmless and it has no disagreeable effects whatever.

No matter what needs to be done to your teeth, I can do them without hurting you. You leave your teeth in my hands and I will take care of them. I will not allow any of my patients to be in pain. I will not allow any of my patients to be in pain. I will not allow any of my patients to be in pain.

PHYSICAL EDUCATORS TO MEET CONFERENCE AT THE UNIVERSITY

MISS FANNIE McLEAN.

AGENCY SPECIAL OFFICER NAMED

Council Changes Its Mind and Appoints Outside Man as Patrolman

BERKELEY, July 23.—The plea of Miss Fannie McLean for a special officer to help guard against incendiary fires, there too much in vogue for months past, has won out over the prejudice of the city council against the importation of outside watchmen. The council yesterday afternoon voted to appoint Malcolm McDougall of the National Fire Protection Association to the position of special watchman in that section.

The council of special officers of this city has been making for weeks past a vigorous fight against the appointment of outside detective agencies to positions in this city. A public letter was recently sent out to citizens, urging the qualifications of the local men and opposing the invasion of outsiders.

Last week a petition was presented to the city council for the appointment of McDougall, in the Alameda section south of the university campus. The petition was opposed by several councilmen, and failed of passage.

Former City Attorney B. D. M. Greene headed a group of the petitioners in a renewed effort to get the city council to reverse its decision. The petition was presented yesterday. Greene stated that all the residents in his neighborhood had entered into an agreement with the agency to hire one of its men, that they intended paying all his salary themselves and that it would be of no expense to the city.

"On account of the several incendiary fires in that section," said Greene, "and the large territory now covered by the agency, it is absolutely necessary that the appointment be made."

BERKELEY PERSONALS

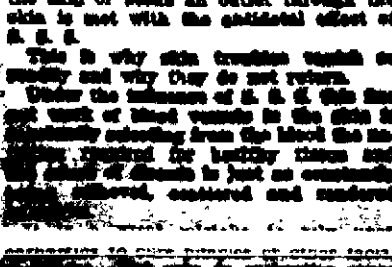

BERKELEY, July 23.—News has been received here of the wedding recently in Santa Rosa of Miss A. Goldsboro of that city to James J. Robinson of Berkeley. The wedding was quietly celebrated, the engagement not having been announced. The couple are spending their honeymoon on the coast.

Miss Nellie C. Robinson is soon to send out cards for a large August reception at which she will honor Mr. and Mrs. Ralph Ewart Robinson, her son and daughter-in-law. The Robinsons are still away south on their honeymoon, but are expected home in a week or two.

Miss Samuel J. Bann and little son have gone to New York to join Mr. Bann in the east on business. A month of travel will follow along the Atlantic coast.

S. which peculiarly stimulates cellular or molecular activity to select from the blood, or from the net work of blood vessels in the skin, those elements which it requires

S. F. PHYSICIAN IS CHARGED WITH MURDER

Dr. Frank Thomas Held Responsible for Death of Miss Helen Knight

Brother of Girl Confesses He Counted Men in Case With Revolver

ALAMEDA, July 23.—Dr. Frank Thomas, 316 Turk street, San Francisco, was held responsible by a coroner's jury for the death of Miss Helen Knight, a Mountain View girl, on whom he is accused of having performed a criminal operation on July 6.

Dr. Thomas was charged with murder in a degree, pending the outcome of the coroner's investigation.

The brother has been working on the case ever since the operation was performed. He testified that the operation was performed in San Francisco, and that the girl paid Dr. Thomas \$25. He said that the operation was performed on Sunday and was performed in the Mount View map accused of being responsible for the girl's condition, with her to the physician's office.

SAYS DOCTOR PAID \$125.

The brother testified that after he had learned what had happened, and while his sister was in the Alameda Sanatorium, he went to Dr. Thomas' office on July 15 and talked over the case, demanding that some one pay the sister's hospital bills. He said he received \$25 from the doctor, \$25 representing the operation fee and \$100 to apply on hospital bills. He gave Dr. Thomas a receipt for the money and took a duplicate receipt, which is now in possession of the San Francisco police.

The brother said Dr. Thomas would not admit that he had performed the operation, and when he was taken into custody last night he told Police Officer Callaghan of the San Francisco police that he was being blackmailed by Knight. He told Knight, the witness testified, at the time the money was paid, that he was anxious to help any one in trouble and would give him money to pay the girl out of her trouble.

Knight said that no guarantee promising immunity from prosecution was extended, save the promise that if the trouble did not get to the public steps to prosecute the doctor. The witness claimed, however, that he told the physician that if his sister died, or the affair became public, he would try his best to put both the physician and Marion Porter where they could not injure any one else.

The brother, Marion Porter, testified, was not handed to him, but was placed by Thomas on the couch on which Knight was sitting. Knight is a chauffeur in San Francisco.

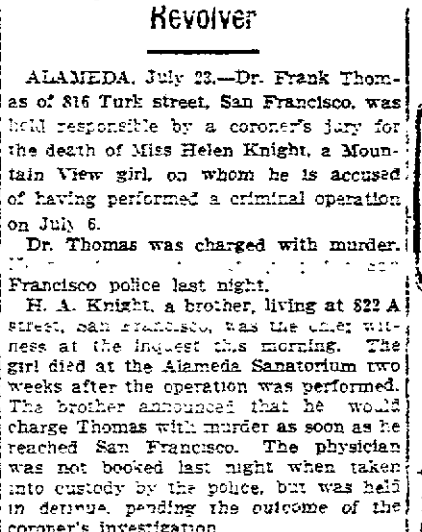

W. L. CLAYTON COMMITS SUICIDE AT HIS HOME

DENVER, July 23.—William L. Clayton, insurance commissioner of Colorado during former Governor John Shaffroth's administration, committed suicide at his home here this morning by inhaling gas. Final troubles are given as the reason for his act. He was heavily interested in lumber transactions in the northern part of Colorado.

ALAMEDA GIRL IN SOUTHLAND

MISS MORRIS CATALINA VISITOR

Daughter of Councilman Makes Tour of Resorts

MISS VERA MORRIS OF ALAMEDA, WHO IS SPENDING A MONTH AT CATALINA.

ROMANTIC PAIR WED ON QUIET

BERKELEY, July 23.—The news leaked out today that James J. Apple of Oakland and Miss Naomi Free of this city slipped quietly away to San Rafael Sunday and were married. The groom is 23 years of age, his bride just turned 18. He is the son of Mrs. Elizabeth Apple of 618 Jones street, Oakland, while the bride is the daughter of Mr. and Mrs. Harry A. Free of 2336 Roosevelt avenue.

"Now the news is out, the whole plan we had is spoiled," said Mrs. Apple today. "We wanted to keep the marriage secret for several weeks at least, and then break the news to our friends. I don't know what my mother will say, but I think she will become reconciled to my being married soon."

Miss Free is at present away from town on her vacation, according to her newly-married daughter. The latter explains that the elopement was merely the result of a youthful romantic prank and that there is no real opposition after all. Mr. and Mrs. Apple expect to make their home in Oakland, where the groom is employed. He was formerly a student in the Oakland high school.

DIED FROM HEMORRHAGE

ALAMEDA, July 23.—A verdict of death from hemorrhage was returned by the coroner's jury this morning in the case of Rudolph Martin, who was found dead in the bath room of his home at 1602 Sherman street Monday night. Martin's body was found in the bath tub. He was preparing to go to a Russian river resort to join his wife, who was away on an outing. He probably died Saturday afternoon and his body was found Monday afternoon, when his brother, Arthur Martin, had the house forced open to investigate why his brother had not been at his usual place of business. Martin was a coal dealer at Bay station.

WILL OF JOSIE HARPER IS FILED FOR PROBATE

The will of the late Josie Harper, famous in the stories of Jack London, companion of the author's youth and well-known Oakland waterfront character, who died recently at the county infirmary, was filed for probate today. Small bequests were enumerated.

INTERESTING LECTURES ON COLLEGE PROGRAM

UNIVERSITY OF CALIFORNIA, July 23.—Several important lectures are on the summer session calendar for this evening and are expected to be largely attended. These are as follows:

7 p. m.—Lecture on Greek art, Museum of Greek Sculpture. Professor O. M. Watson, speaker. Subject: "The Sculptures of Olympia," illustrated by stereopticon.

7 p. m.—Lecture in parliamentary law, 112 California hall, Miss Alice Fleener, speaker. Subject: "Speakers of the House of Representatives."

8 p. m.—Lecture in health lecture, room 101, California hall: Thomas H. Reed, associate professor of government, speaker. Subject: "The County as a Unit in Health Administration." No admission charge.

8 p. m.—Lecture on "Anthropology and Modern Life," room 1, Phillips building, Professor Hutton Webster, speaker. Subject: "Savage Spiritualism." Free to the public.

8 p. m.—"Art in Daily Life," lecture by Professor I. B. Stoughton-Holborn, Oxford and Cambridge extension lecturer, at Hearst Hall, subject: "Medieval Ironwork," illustrated with stereopticon.

PARLIAMENTARIANS PLAN UNIQUE CONTEST

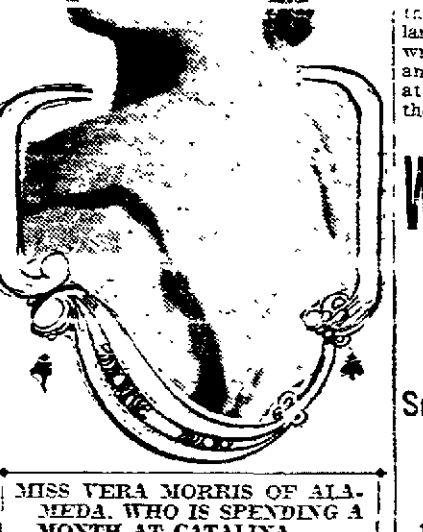

UNIVERSITY OF CALIFORNIA, July 23.—An unusual oratorical contest is being arranged by Miss Alice Fleener and others interested in the parliamentary law course at the summer session for early in August. Only preliminary plans have so far been announced, but progress is being made toward a final perfection of the contest.

Professor Robert Irving Fulton of Ohio Wesleyan University is to preside. In one part of the program the members of the contest will be divided into Republicans and Democrats in a grand debate at which the former will attempt, in forty-five minutes, to put through a measure despite the opposition of a Democratic majority.

ALAMEDA GIRL IN SOUTHLAND

MISS MORRIS CATALINA VISITOR

Daughter of Councilman Makes Tour of Resorts

MISS VERA MORRIS OF ALAMEDA, WHO IS SPENDING A MONTH AT CATALINA.

ROMANTIC PAIR WED ON QUIET

BERKELEY, July 23.—The news leaked out today that James J. Apple of Oakland and Miss Naomi Free of this city slipped quietly away to San Rafael Sunday and were married. The groom is 23 years of age, his bride just turned 18. He is the son of Mrs. Elizabeth Apple of 618 Jones street, Oakland, while the bride is the daughter of Mr. and Mrs. Harry A. Free of 2336 Roosevelt avenue.

"Now the news is out, the whole plan we had is spoiled," said Mrs. Apple today. "We wanted to keep the marriage secret for several weeks at least, and then break the news to our friends. I don't know what my mother will say, but I think she will become reconciled to my being married soon."

Miss Free is at present away from town on her vacation, according to her newly-married daughter. The latter explains that the elopement was merely the result of a youthful romantic prank and that there is no real opposition after all. Mr. and Mrs. Apple expect to make their home in Oakland, where the groom is employed. He was formerly a student in the Oakland high school.

REMOVED FROM INQUEST ROOM

Dr. A. W. Gamble Creates Scene at Coroner's Hearing in Donnelly Case

ALAMEDA, July 23.—Dr. A. W. Gamble of Fruitvale was escorted from the Alameda branch morgue this morning by Deputy Coroner C. H. Weaver at the request of Coroner C. L. Tisdale. Dr. Gamble was the husband of Miss Maria Catherine Donnelly's mother. An inquest was

held this morning to inquire into the death of Miss Donnelly, who was asphyxiated by gas in the home of Miss Mary Helen McLean at 1423 Willow street last week. Dr. Gamble declared that he wished to give testimony. When he suddenly took the floor and commenced to speak the Donnelly inquest had been concluded and the coroner was probing into the death of Miss Helen Knight. Despite the coroner's repeated statement that the Donnelly case was a closed case and that Gamble's testimony was not desired, the doctor continued to talk until he was taken from the room.

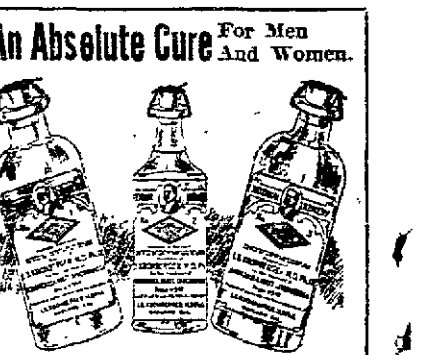

Dr. Gamble construed the woman's death as due to remorse for her treatment of him. The aged doctor's mind linked together the death of Miss Donnelly and his own troubles over the estate of his son, Walter Gamble, over which the doctor fought a losing legal battle. He declared today that Miss Donnelly had robbed him of \$30,000. He expressed satisfaction at her death and said that her conscience and physical fear of him induced her to seek peace in death. Gamble's wife was Miss Donnelly's mother.

The principal witness at the Donnelly inquest was Charles Donnelly, a brother, living at 729 Jones street, San Francisco. He said that there was no financial reason for his sister taking her life.

He believed that she was melancholy over the numerous deaths in her family in recent years. Her mother died in 1909 and later her step brother, Walter Gamble, to whom she was devotedly attached, died. Following Walter Gamble's death came the struggle over his estate between the Donnelly interests on one hand and Dr. Gamble on the other. Still later a cousin, Mrs. Anne Donnelly, who was a close friend of Miss Donnelly, died, and these deaths dwelt heavily on the mind of Miss Donnelly.

The other witnesses were Miss Mary Helen McLean, with whom Miss Donnelly lived, and Dr. E. M. Keys. During Miss McLean's absence from home Miss Donnelly wrapped herself in a quilt and buried the loose ends of her tub in the quilt. The other end of the tub was attached to an open gas jet. She had been dead several days when Miss McLean came home from a visit and found her body on a couch in the living room.

AN ABSOLUTE CURE FOR MEN AND WOMEN

Reg. U. S. Pat. Office. This is the private formula of a physician, who for 20 years was a most successful practitioner in Boston, Mass., I. E. Kronberger, M. D. He is now retired from active practice, and is offering and guaranteeing this wonderful remedy for GONORRHEA and GLEET to all men and women suffering from those diseases. Write at once at once, confidentially. Insist on this label. TRADE MARK. KRONBERGER THREE. Sold Only at the POLYGLYPT PHARMACY 473 8th St. Oakland.

Mrs. Don't care—"Yes, but soap is soap, and it doesn't matter which you use."

Anty Drudge—"Yes, and medicine is medicine, but it does matter which kind you take. And it is the same way with soap. Some I know from experience that Fels-Naptha is the only kind of soap that will wash things clean in cool or lukewarm water."

"Soap is soap," said a woman. Her only idea of soap was something to mix with hot water in order to make a steaming suds.

But if she had used Fels-Naptha Soap she would have learned that Fels-Naptha is not only a soap, but a different way of washing.

Fels-Naptha Soap will do the hardest part of your washing in cool or lukewarm water.

Look for directions on the red and green wrapper.

Fels & Co., Philadelphia.

EDMUND F. GREEN MUST FACE MAINTENANCE SUIT

SAN FRANCISCO, July 23.—Edmund F. Green, former president of the Pacific Coast Casualty company, whose departure from San Francisco last week was followed by charges by officials of the company that he was short in his accounts, will face a maintenance suit brought by his wife when he returns from Portland.

Mrs. Green, who complicated her husband's tangled affairs by charges that her home had been broken up by another woman, through an intrigue lasting nine years, gave her attorney orders yesterday to proceed with the suit. She says she will not sue for divorce on account of religious scruples.

CHRONIC DYSPEPSIA.

The following unsolicited testimonial should certainly be sufficient to give hope and courage to persons afflicted with chronic dyspepsia: "I have been a chronic dyspeptic for years, and of all the medicines I have taken, Chamberlain's Tablets have done me more good than anything else." Says W. G. Mathison, No. 7 Sherman St., Hornellville, N. Y. For sale by Osgood Bros. Drug Store.

Injured by Diving, Man Lives 48 Hours With Neck Broken

WASHINGTON, July 23.—Living for more than 48 hours with his neck broken was the remarkable case of Edward M. Edwards, aged 25, who died here early today following an operation to determine exactly the extent of his injuries. Edwards dived into the Potomac river at a summer resort Sunday and struck a submerged obstruction. He was brought to a hospital here in a semi-conscious condition. Surgeons marvelled at his vitality.

NO ROOM FOR LIFE

BOAT, SAYS SEAMAN

Motor Boat Owners Complain of New Custom House

Recently an order went out from the custom house ordering all motor boats of more than 10 tons to carry life boats. In days gone by it has been the custom to tow a life boat in the rear of the vessels but when the new rule is put into effect it will be necessary for the launch to carry its life boat on board.

"We old timers just began to get used to this new rule and my life boat would take up the whole deck," growled an old sea dog upon the new fangled ideas is getting me goat. Now when I— and he rambled on, telling of the "good old days."

There are two other ends of the rule which displace marines and these are the orders for inspection and the installation of air tanks.

"First these Willie boys change starboard to right and port to left and now they want to blow our whole bankroll to put in air tanks," growled one owner this morning.

NAVY YARD EMPLOYEES PLAN TO RUN FERRY

VALLEJO, July 23.—Another move in the ferry fight which has been waged at Mare Island for the past five years was taken when the "Association of Mare Island Employees" was organized. The same officers and trustees that guided the Solano Aquatic Club were elected as "temporary" officers, and apparently the only difference in the two organizations is the name.

Preparations are being made for a membership of 2000 workmen and it is announced that the amendment to the ferry law will put the boatmen right to operate the middle of next month. The trustees were empowered to purchase two launches to carry the members to work, and negotiations will be opened for the rental or purchase of the Progress and Success, the two boats formerly owned by the Solano Aquatic Club.

GIRL SWIMS RIVER WITH HANDS AND FEET BOUND

PORTLAND, Ore., July 23.—With hands and feet bound, Miss Claire Farry, a 15-year-old Portland girl, last night swam the Willamette river, a distance of about 600 yards. She did the feat in a little more than fourteen minutes and outdistanced experienced swimmers in her effort, which was the second in five days. The first attempt last week failed when she was almost across, the river being rough at that time.

Miss Farry was taught to swim just eighteen months ago. With her two hands and arms tied together she uses them as the snout of a fish and she darts through the water.

WATCHMAN SENTENCED; MANSLAUGHTER CHARGE

PORTLAND, Ore., July 23.—A man convicted of manslaughter last Saturday for having killed Edward B. Schaubert near Trinidad two months ago, was given a two years' sentence at San Quentin penitentiary yesterday.

Kelly was a watchman at an idle shoe mill, and when Schaubert went to the place to remove some machinery which he claimed, Kelly shot and killed him.

LATEST NEWS FROM OUTSIDE TOWNS

NEAR COMPLETION OF NEW SCHOOL

September 1 Set as Date for Opening of Bog Building

HAYWARD, July 23.—Work is nearing completion on the new union high school building. The building, which is now being occupied by the school, will be formally opened with a dedication ceremony, but oppose any formal opening. The same corps of teachers will conduct the classes in the new school next term.

The old high school on a street has been placed on the market by the trustees, but so far the grounds and buildings have found no buyer. Different suggestions have been made as to the use to which the old school and grounds could be put. A proposal to remove the school to some part of the city which stands in need of a school finds favor with a number of the trustees. The suggestion is that the school grounds be used as the site for a new city hall, which it is intended to build in the near future.

LODGEMEN PLANNING BIG BASEBALL GAME

FRUITVALE, July 23.—Lodgemen belonging to Fruitvale Native Sons and Fruitvale Order of Moose will renew their acquaintance with the diamond as players in an interleague match to be played here Saturday, July 26. A. A. Barber will probably captain the Moose team, and strong combinations are being selected to represent the two lodges. Both the Native Sons and the Moose team and boast many baseball stars in their membership, and the match should provide the fans with an opportunity of witnessing some tricky play. Keen interest is displayed locally over the coming encounter, and the match will be witnessed by hundreds of supporters of each side.

SHOE PLANT MAY SOON BE STARTED AT HAYWARD

HAYWARD, July 23.—Employment to over thirty people will be given at the outset should the efforts of several representative citizens prevail in bringing a shoe factory to this town. W. A. Bourne, general manager of the concern, the head offices of which are situated in San Francisco, favors the erection of a manufacturing plant here, and says the conditions are in every way suitable. W. A. Bourne of Hayward has been one of the most active of the citizens in inducing the shoe company to start manufacturing in Hayward, and should a factory be started, it will have been largely through his efforts.

FIRE DOES DAMAGE TO FITCHBURG HOME

FITCHBURG, July 23.—Fire broke out this morning in a house at 1173 Seventy-first avenue, occupied by Charles Crowell. The fire started in the kitchen by the overheating of the wood-burning stove. Although the flames had secured a hold on the house, the Maltese Fire Department prevented the fire from spreading to the rest of the dwelling. The damage was almost entirely confined to the kitchen.

"HAY RIDE" ENJOYED BY HAYWARD GUESTS

HAYWARD, July 23.—Miss Helen Parsons, the charming daughter of J. B. Parsons, president of the Bank of Hayward, gave a hay ride to twenty of her friends of Hayward, and the bay cities yesterday. The guests journeyed out to a canyon east of the town. Returning to the Parsons home in Castro valley the guests were entertained at supper.

HAYWARD JUSTICE ON TWO WEEKS' VACATION

HAYWARD, July 23.—Judge Charles Prowse and Attorney Frank Lemos left yesterday for a two weeks' sojourn at Lake Tahoe.

TRUSTEES WATCH HAYWARD BOUTS

Will Stop Fight if Not Approved of Is Warning

HAYWARD, July 23.—Hayward fans are evincing keen interest in the boxing match which will take place here next Friday, and which will be the first match of its kind in Hayward for a number of years. An ordinance was drawn up by the town trustees several years ago prohibiting professional boxing encounters in Hayward, and consequently a damage was

As a result of a petition signed by a hundred local fight fans and presented by Boxing Promoter Joseph Vargas, the trustees agreed to recall the ordinance so that an experimental bout might be held, but the city fathers reserve the right to stop the fight should they see fit. It is probable that if the match is conducted to the satisfaction of the trustees a series of such bouts may be permitted in Hayward.

The main boxing event Friday will be a welterweight six-round match between "Dutch" Larsen of San Leandro and "Racehorse" Munsell of East Oakland.

PORCH LIGHT AFFRIGHTS PERSISTENT MENDICANT

HAYWARD, July 23.—To scare the persistent mendicant from the front door at night, switch on the porch light. The average hobo who annoys Hayward women by coming to the door at night has been found to shun the light of the porch lamp. At this time of year regular army of tramps has invaded the town and complaints have been made by several householders of the annoyance caused by persistent beggars. A tramp appeared at a Castro street home last night and demanded something to eat. The lady of the house was alone at the time, and when she refused his request, he became impudent and demanded money. The resourceful woman switched on the porch light and hey presto! the hobo was no more. He had vanished into the night.

RUMORED ELOPEMENT IN HAYWARD IS VERIFIED

HAYWARD, July 23.—The rumored elopement of John Eickelsen and Miss Helen Jones, both of Hayward, has turned out to be correct and the young couple have returned to Hayward with the necessary license. Eickelsen and his bride obtained a marriage license in San Rafael Monday and were married in Sausalito. The bride, who gives her age as 17 years, is the daughter of Mr. and Mrs. P. W. Jones of Hayward and is a graduate of the Santa Rosa High School. She is president of the Young Men's Club of Hayward and is the son of a well known business man. The couple will reside in Hayward.

TO HOLD FUNERAL FOR LATE MRS. M. WEIGLE

FRUITVALE, July 23.—The funeral of Mrs. Marie Weigle of Twenty-first avenue, one of the pioneers of this district, who died yesterday, will take place tomorrow afternoon. Mrs. Weigle, who was 82 years of age, was a native of Germany, and came to California many years ago. She was one of the leading members of the German Methodist church in Fruitvale and was well known and respected.

AUTOIST NEAR DEATH WHEN CAR IS WRECKED

HAYWARD, July 23.—W. Young of Walnut Creek narrowly escaped death in an auto accident which occurred late Monday night near Redwood Canyon, off the Dublin boulevard. The boy received a fractured skull and other serious injuries but lingered on for over a week at the county infirmary, although the physicians held out little hope for his recovery.

HAYWARD POULTRY FANCIERS TO ORGANIZE

HAYWARD, July 23.—Miss Helen Parsons' association will shortly be formed in Hayward, and many poultry raisers in the district have promised their support to the organization. The formation of the association, which will arrange for local poultry shows, and look after the interests of local poultry fanciers, will be handled by twelve well known local poultrymen, headed by J. J. Baller of Hayward.

LAD HIT BY S. P. TRAIN DIES OF HIS INJURIES

SAN LEANDRO, July 23.—Eddie Rose, a six-year-old San Leandro boy, died yesterday afternoon at the County Infirmary from the effect of injuries sustained through being struck by a Southern Pacific freight train. The boy received a fractured skull and other serious injuries but lingered on for over a week at the county infirmary, although the physicians held out little hope for his recovery.

HAYWARD LODGEMAN ON BOOSTING TRIP

HAYWARD, July 23.—A prominent member of Express camp, Woodmen of the World, of Hayward, left here last night to attend the head camp of Woodmen at Colorado Springs. Which was appointed as a delegate to the convention. While in Colorado he is intended to boost for the county, and will spread broadcast Hayward chapter of Woodmen. He will also draw attention to the attractions offered by this district.

STUCK BY TRAIN. AERON, Ohio, July 23.—Miss Jean and Mrs. Aeron were killed when the Erie R.R. freight train struck them near Erie, Pa.

BOY SAYS HE SHARED BOOTY WITH UNCLE

LAKE CHARLES, La., July 23.—Herschel Pierce, a 17-year-old express wagon driver, confessed yesterday that he stole \$22,000 in currency from a mail train last November, according to the police. His arrest followed the apprehension of his uncle, A. E. Amy, on Saturday.

The police said Pierce told them he had no assistance in planning or executing the robbery, and that he voluntarily divided the currency with his uncle. It was Amy's lavish spending that first directed suspicion to him. Pierce appeared to have spent almost nothing of his share.

He led officers yesterday to a cache of \$7000, and \$2000 was found in Amy's garage at Eunice, La.

Lungs Were Affected. Now in Good Health

The makers of Eckman's Alternative, a remedy for Throat and Lung Troubles, do not claim that it will restore every one to perfect health, but so many have voluntarily testified it saved their lives that all who have this dread disease should investigate and try it. It should stop the night sweats, reduce fever, promote appetite and in very many cases prolong life. Read what it accomplished in this case:

Catherine Ave. and Asst. Place, Queen's Court, L. I.

"Gentlemen: In the year 1908 I was taken with a heavy cold and a very rough and went to several doctors, including a specialist. I was advised to take a course of medicine, but I did not. I am now well and I dare say that I would have been buried long ago if it had not been for Eckman's Alternative. I wish to thank you for the Goodness to me. When ever I go I highly recommend the Alternative, as I owe my life to it."

(Affidavit) JOS. J. TROESCHER.

(Above abbreviated; more on request.)

Eckman's Alternative has been proven by many years' test to be most efficacious in cases of Croup, Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stomach Colds and in upbuilding the system. Does not contain narcotics, poisons or habit-forming drugs. For sale by The Owl Drug Co. and other leading druggists. Write the Eckman Laboratory, Philadelphia, Pa., for booklet telling of recoveries and additional evidence.

Warren Olney Jr., attorney. W. E. Evans, auditor. W. D. Townsend, district freight and passenger agent, Western Pacific railway, Oakland. Charles E. Snook, Oakland.

The officials of the Western Pacific Company visited THE TRIBUNE office this morning in company with W. B. Townsend, district freight and passenger agent of the company. President Bush assured THE TRIBUNE that Oakland could expect big things from the Western Pacific railroad. Great improvements are contemplated and large sums of money are to be spent in improving the road.

WESTERN PACIFIC OFFICIALS AS THEY STOOD IN FRONT OF THE TRIBUNE OFFICE THIS MORNING. LEFT TO RIGHT—E. L. BROWN, VICE-PRESIDENT; ALEX. ROBERTSON, ASSISTANT TO PRESIDENT; B. F. BUSH, PRESIDENT; J. M. JOHNSON, VICE-PRESIDENT.

EX-CHIEF MARTIN FAILS TO TESTIFY

Informs Commission That Critical Illness Prevents Presence at Hearing

SAN FRANCISCO, July 23.—Former Chief of Police John Martin is critically ill at his home and a message was received this morning by Secretary Shale of the police commission that he would be unable to appear at the investigation conducted by the board this afternoon. The session today was executive. The commissioners declare that they are going to the bottom of the allegations made by former Captain of Detectives Wall that a system is in existence. They are also going to probe the gambling situation. It is believed that following today's investigation the commission will consider the matter of Chief of Police White holding office.

Convicted Murderer Attempts Suicide

LOS ANGELES, July 23.—James L. Murphy, recently convicted of having killed Mrs. Irene Mattie Smith, a chorus girl, attempted to commit suicide today in his cell by the cutting of his throat with a safety razor blade, but physicians said he would recover. Murphy, who was convicted of second degree murder, was sentenced Monday to serve twelve years in San Quentin.

\$10.50 A WEEK ENOUGH FOR SCANTY LIVING, TESTIMONY

PORTLAND, Ore., July 23.—That \$10.50 a week was sufficient wage to guarantee "a decent but scanty" living for one person was the testimony of Mrs. N. A. Felling before the Oregon industrial welfare commission conference in progress in Portland. Mrs. Felling is an employee at the packing plant which recently was the scene of strike disturbances. The witness declared that \$10.50 did not allow her sufficient clothes and that she had to eschew "second changes." On this wage, however, the witness showed she paid \$80.86 a year for insurance and tried to buy some land for a home. The land debts increased as her interest piled up, however.

Lives Hours After Hanging

STARKE, Ga., July 23.—Hersey Mitchell, a negro, was hanged in the jail yard here today for the murder of another negro and was declared dead at the end of 38 minutes, by two physicians. After his body had been placed in a coffin, Mitchell, whose neck had not been broken re-

U. S. Grant Jr. and Bride Begin Tour

SAN FRANCISCO, July 23.—When the Australian liner, Aorangi sailed today, it carried among other passengers, U. S. Grant Jr. and his young, newly-married wife on the first long stretch of their round-the-world honeymoon. They sail direct for New Zealand, where a long stop of several months will be made before continuing the tour by way of Australia, India and South Africa. The couple spent yesterday shopping and sightseeing. They stopped at the Palace hotel.

Progressives to Put Full Ticket in Field

JERSEY CITY, July 23.—The Progressives of New Jersey will put a complete ticket in the field at the coming state election. Theodore Roosevelt and Gifford Pinchot, it was said today would be among the campaign speakers. The organization in Hudson county last night endorsed Edmund E. Osborne for Governor.

SUMMER RAIN ABOUT OVER: NEGOTIATIONS FOR PEACE

MA'ADIC IN JULY TO DECEMBER

Cloudy and Unsettled Weather, However, Is Forecast for 24 Hours.

Showers Move Northward, Centering Over Oregon and Washington

TODAY'S TEMPERATURE		
	5 P. M.	4 A. M.
Oakland	60	56
Red Bluff	92	72
Eureka	66	58
Sacramento	84	66
Tamapals	64	58
San Jose	78	60
San Luis Obispo	78	54
Fresno	80	64
Los Angeles	78	62
San Diego	74	64

Although cloudy and unsettled weather was the forecast made at 5 o'clock this morning covering the next 24 hours in the bay region, Prof. Alexander McAule stated at his office in San Francisco just before noon, that the storm was breaking and that he thought the rain was practically over. South of the Tehachapi there is cloudy weather but it is expected that it will be fair tomorrow. There may be a few showers tonight in the valleys.

NO DAMAGE DONE.

The rainfall for the entire storm has been only 1.4 inches at Fresno there has been but .02. The showers have caused absolutely no damage and the heaviest precipitation was in the Owens river district, where .20 fell. The rain has gone north and is centering over the Washington and Oregon coasts. There have been light showers in the Missouri and upper Mississippi valleys and in the Pacific Northwest. East of the Mississippi river the weather has been fair.

RAIN IN NORTH.

SAN FRANCISCO, July 23.—The first July rains known since 1906 are falling today in Dunsuir, Sisson, Monague, Hornbrook, Yreka and along the McCloud and Pit rivers in Northern California. The weather there is very hot and the humidity is great. There was a sprinkle of moisture this morning in the bay cities, but central California in general was dry.

At the weather bureau it was said the precipitation yesterday and today had been so light that there would be no appreciable effect on crops. Tomorrow is expected to bring clear weather again from one end of the state to the other.

STOCKTON SHOWERS HEAVY.

STOCKTON, July 23.—The heaviest rain ever recorded at this point in July came down in a few hours after midnight and amounted to 1.4 of an inch. Fruit growers say that no damage has been done.

Says Love Drove Son to Insanity

SAN LEANDRO, July 23.—When love's young dream flew it took with it the reason of Manuel V. Silva, a San Leandro youth who was yesterday certified by his father as insane. Silva declared his parent was madly in love with a local girl, who after encouraging him to suit for a short time, jilted him. Frantic with grief, the young man, who is 23 years of age, brooded over his ruined romance until his mind became deranged.

Cardinal Gibbons, Aged 79, at Birthday Mass

BALTIMORE, July 23.—Cardinal Gibbons is 79 years old today. In the chapel of the home of T. Herbert Shriver, near Westminster, Md., where he has spent his birthdays for many years, the cardinal celebrated the mass of the birthday morning. The anniversary of the host was present. The remainder of the day he planned to pass in quiet repose.

Will Honor Perkins 20th Anniversary

WASHINGTON, July 23.—His twentieth anniversary as Senator from California will be celebrated next Saturday by Senator George C. Perkins. An informal celebration will be given in his honor by Californians in Washington. Senator Perkins was elected to the senate in 1893.

Servia and Greece Agree With Bulgaria Upon Bucharest.

Armistice Being Arranged: Roumania Refuses Turkey's Request to Participate.

SOFIA, Bulgaria, July 23.—Servia and Greece agreed today that peace negotiations with Bulgaria should take place in Bucharest. An armistice is being arranged in Nisna and probably will be concluded within a couple of days. Roumania has refused Turkey's request to participate in the peace conference. Lieutenant General Nelson A. Miles, United States army, retired, has made an appeal to the American Red Cross for funds for Macedonian refugees.

PICTURESQUE ACCOUNT.

CONSTANTINOPLE, July 23.—An official communication giving details of the re-occupation of Kirk-Kiliseh by the Turkish troops was issued by the Ottoman government today to counter-balance the Bulgarian allegations of atrocities committed by the Turks. It gives a picturesque account of how the inhabitants of Kirk-Kiliseh welcomed the Muslim army. It says: "Their emotion was indescribable and flowers were showered from the windows on the Ottoman troops by women."

DIFFICULT SITUATION.

LONDON, July 23.—The European concert is faced by the most delicate and difficult situation, requiring the exercise of the utmost tact. If Europe is not to be plunged into a general war by the Turkish re-occupation of Adrianople and Kirk Kiliseh, Bulgaria, helpless, sees the fruits of her dearly won victories snatched out of her hand and must find a way out of an armistice are proceeding in a leisurely manner at Nish, the Greeks and Servians continue to push their advantage.

The official announcement made at Constantinople yesterday that the Turkish troops had reoccupied Adrianople created the worst possible impression in diplomatic circles and the powers immediately began an exchange of views to find the best means of checking Turkey's action, which is looked upon as a clear-cut defiance of all Europe.

RUSSIA READY.

The next few hours are likely to decide whether forces hitherto unfavorable shall enter the Balkan cockpit. Russia is understood to be ready to accept the mandate of Europe to compel the Porte to respect the treaty of London and the British cabinet will consider today whether this government shall consent to active intervention by Russia.

Premier Asquith's speech made at Birmingham yesterday, intended to warn Turkey against such a development as would involve Russian intervention of both sides of the Bosphorus and the gripping of Constantinople both in the front and in the rear.

The Servians have occupied Belgrade, northwest of Sofia, and desultory fighting continues all along the Serbian front.

RESISTING GREEKS.

The Greeks who are advancing northward from Nevolok, are meeting with stubborn resistance. The Bulgarians with heavy artillery are fighting desperate rearguard actions. Both sides are reported to be losing heavily. The Greeks claim to have captured strong Bulgarian positions on the heights stretching to the north of Potchova.

In Sofia it is believed the Greeks intend to invade southern Bulgaria and occupy Philippolis.

The Bulgarians exploded the ammunition magazines and blew up some of the government buildings before evacuating Adrianople. No serious fighting has occurred either at Adrianople or Kirk Kiliseh.

Railroads Oppose Big Parcel Post Package

WASHINGTON, July 23.—Representatives of railroads formally protested today to the Interstate Commerce Commission against the increase of size of parcel post packages as proposed in the extension of the service by Postmaster General Burleson on the ground that it would cost the railroads \$20,000,000 of revenue they now receive from express companies.

Girl Shoots Eagle From Steamer Deck

LOS ANGELES, July 23.—A newspaper encounter between Miss Leona Perkins of St. Helena, Ore., and a big eagle aboard the steamer Merced in port here today. Miss Perkins not only shot the vicious bird but also brought it down from a scaffold with a rifle bullet.

VICTOR ETIENNES HAVE SEPARATED

Domestic Trouble Follows
That of Brother's; Wife
Provided for

SAN FRANCISCO, July 22.—Although it was only two weeks ago that Mrs. Mary M. Etienne obtained a divorce from Joseph M. Etienne, president of the Cyclops Iron Works, it was learned yesterday that Victor Etienne, brother of Joseph and secretary of the same concern, has left his wife and that she has begun plans for a divorce. Victor Etienne left the family residence at 770 Dolores street two months ago and his present residence address is unknown.

Mrs. Etienne's admission that she was about to take steps for divorce revealed a story of two parallel domestic tragedies in the lives of the brothers, each reaching back several years and culminating in separations about the same time, although the two families saw but little of each other and their affairs were in no way related.

"PERSONAL DIFFERENCES"

Mrs. Etienne remains at the family residence, a mansion built even after the fire and professes to know nothing of her husband's whereabouts.

"As to rumors involving Mr. Etienne and his actions since his separation from me I can say nothing," she said. "Our domestic relations were severed on account of personal differences which led my husband to the conclusion that it would be better for us to live apart. He has continued to provide for me, and I do not wish to say anything in any way reflecting on him."

"I am not sure just what steps I shall take to procure a divorce, if I do decide to do so, or upon what grounds I might seek it. This, of course, would be left to my attorney, although I have not yet engaged counsel."

The Etiennes have been married thirteen years.

NOVELIST ILL

MUNICH, July 22.—Dr. Paul Heyse, the novelist, is seriously ill. He has been troubled with his old enemy, asthma, and this has been aggravated with symptoms of inflammation of the lungs and heart trouble. As he is 83 years old, the doctors regard his recovery as hopeless.

Don't Poison Baby.

Forty years ago almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and a few drops too many will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labeling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without you or your physician know of what it is composed. CASTORIA DOES NOT CONTAIN NARCOTICS, if it bears the signature of Chas. H. Fletcher.

Genuine Castoria always bears the signature of Chas. H. Fletcher.

Summer Session

Our school is in session all the time, and you may enroll any day. Those who start now will finish sooner and therefore will be in a good position ahead of the one who delays. Remember a Head Education means a good salary as soon as you are graduated. Our fifty years' experience and twelve schools enable us to render to you a plan to start at as early a date as possible. Write, phone or call.

HERALD'S BUSINESS COLLEGE
Oakland-San Francisco

FEW WOMEN ARE SIGNERS OF REDLIGHT REFERENDUM

SACRAMENTO, July 22.—Inspection of the records in the secretary of state's office shows that less than 5 per cent of the signers of the referendum and initiative petitions filed thus far are women. The percentage of women who have attached their signatures to the "red light abatement" petitions on file in the secretary's office represents less than 4 per cent of the total number received.

Of the 1545 verified names to "red light" petitions not more than sixty-five are those of women.

The percentage of female signers to the "universal eight hour" initiative measure is about 6.5 per cent, while in the cases of the water commission, workmen's compensation and other acts passed by the last legislature the percentage will average about five.

GRIEF HASTENS FINANCIER'S END

Anthony M. Brady Was
Stricken in Spirit After
Death of Daughter

LONDON, July 22.—Angina Pectoris was the cause of the sudden death of Anthony M. Brady, the financier of New York City in a London hotel last night. His body is to be shipped to America on board the Olympic tomorrow.

The extent of Mr. Brady's fortune is unknown but an estimate published today places it at \$20,000,000 and "probably more." He was a director in nearly 60 corporations and controlled some of the largest public utilities in New York City and state. He was particularly prominent in New York traction, light and power companies, being president of the New York Edison Co., chairman of the board of directors of the Brooklyn Rapid Transit Company and a trustee of the Consolidated Gas Company. He is survived by his nephew, Mary Marcella Brady, five children and eleven grand children.

WAS GRIEF STRICKEN

NEW YORK, July 22.—The death of Anthony M. Brady, which is reported to have occurred suddenly in London last evening, from an attack of acute indigestion, was a shock to the financier's friends here for Brady had sailed from New York only a week ago appearing in good health. He was much broken in spirit, however, having grieved for several months over the loss of a daughter and three other relatives who were killed in the wreck on the New York, New Haven & Hartford railroad at Westport, Conn., in October, 1912.

Brady's 72 years' career was an interesting one. He was born in Lille, France, and came to this country with his parents when a child of less than two years. At fifteen he was obliged to quit school and to start out to earn his own way in the world. He started as a clerk in a hotel, then went into banking and ended his career as a recognized power in the world of finance. His first large accumulation of money was gained through a chain of tea stores, which he established soon after reaching his majority. From tea he turned to contracting, and he became a prominent contractor in Democratic politics. He became interested in gas and with others he purchased gas plants at Troy and Albany, and Chicago. He took up extensive holdings also in various New York city corporations. In Wall street he was known as a free lance and his methods were for him in some cases unorthodox. The purpose of the organization is to maintain equal opportunity and fair play between the races. Brief addresses will be made also by Professor Lawrence Sledge, vice president.

BUILD FINE ORPHEUM THEATER IN PARIS

SAN FRANCISCO, July 22.—Morris Meyerfield Jr., president of the Orpheum Theater and Realty company, has returned from a six months' motor trip to Europe and his associates have started building new theaters of the Orpheum circuit in Paris, France, Salt Lake City, Utah, and Kansas City.

The new theater in Paris is to be on the Rue Magador near the Grand Opera. Alfred Butt, managing director of the Palace, in London, the finest vaudeville house in Europe, and Martin Beck, met Meyerfield in Paris and decided upon the plans for the new theater. It will be built on the same lines as the Victoria Palace in London, which Meyerfield and Butt operate jointly. Fifty to sixty new acts for the Orpheum circuit were booked in Paris during the conference.

The new Paris theater will be in readiness for the opening of the 1914 season, as will the new theater in Kansas City. The Salt Lake Orpheum will be opened August 3, this year.

"As I am a member of the concession committee of the Panama-Pacific Exposition," said Meyerfield yesterday, "I took great interest in seeing many people in Europe, principally to Berlin, Paris and Vienna, regarding their coming here in 1915. I am satisfied that a very large number of the important concessionaries of Europe will be here in 1915."

FORMER INSPECTOR OF MILK DIES SUDDENLY

SAN FRANCISCO, July 22.—James P. Dockery, former milk inspector and one of the leaders in the Native Sons of the Golden West, died suddenly yesterday afternoon, soon after he had returned from the funeral of his cousin, John Mortimer, at Holy Cross cemetery. He complained of a pain in his side and fell dead in his home, 27 Carmelita street.

Dockery conducted many spectacular raids before the fire of 1906. Milk was being adulterated and Dockery confiscated great quantities of it time after time, throwing the milk into the bay. He retired from the city service recently, leaving a notable record for compelling the dairymen to supply purer milk.

FOUND GUILTY ON MANSLAUGHTER CHARGE

MARTINEZ, July 22.—William Wilson, the rancher who shot and killed Frank Young, his neighbor, on his ranch in Donner canyon, May 12, was found guilty of manslaughter. Judge Barber set Thursday morning for pronouncing sentence. The trial was most bitterly contested. Scores of friends of the defendant and his victim crowded the courtroom. Wilson's defense was that he shot in self-defense, thinking Young was about to carry out a threat against Wilson's life three years ago.

KILLED BY HUNTING.
GRANT, CALIF., July 22.—Lighthouses were a very interesting and

HOUSTON TO SEND WEEKLY LETTERS

Department of Agriculture
Will Inaugurate New
Correspondence Reports

WASHINGTON, July 22.—Secretary Houston announced today that hereafter the Department of Agriculture would send a weekly letter to its 35,000 township and 2500 county correspondents of the department, giving the latest agricultural information of value to the farmer.

The letter is to be sent weekly, the secretary said, so that the news may reach the farmers promptly. The Crop Reporter, a monthly publication which has been issued by the department for some years past, is to be discontinued. Secretary Houston having decided that it reached the farmers too late to be of any practical use.

As the correspondents who gather crop news for the department are in constant contact with the farmers in their communities, the secretary decided that it would be the best medium for the dissemination of the official weekly information.

REBEL CORK FOLK TO PICNIC AT SHELLMOUND

The Rebel Cork Benevolent association is making elaborate preparations for its twenty-seventh annual picnic and outing, to be held at Shell Mound park Sunday, August 3. The program includes a series of spectacular dances of all nations with renditions of the Gaelic folk dances by native experts. There will also be a big track and field meet in which many of the crack athletes of the bay cities will participate. A tug of war contest, a race, teams representing Ireland and Austria, which won second and third honors at the recent international struggle, will compete in the tug of war.

CO-OPERATION TO BE BISHOP WALTERS' THEME

The co-operation of the white and colored races will be the subject of an address at the A. M. E. Zion Church, on Fifteenth street between Western and Market streets, Oakland, by Bishop Alexander Walters, of Washington, D. C., on Thursday evening, July 24, at 8:15 o'clock. Bishop Walters is vice president of the National Association for the advancement of the colored people, of which a Northern California Branch has recently been organized to represent the ten thousand negroes about the bay. The purpose of the organization is to maintain equal opportunity and fair play between the races. Brief addresses will be made also by Professor Lawrence Sledge, vice president.

MOUNTAINEER DIES IN FALL IN CREVASSE

BELLINGHAM, Wash., July 22.—J. C. Bishop, founder and honorary president of the Mountaineers club of Vancouver, B. C., fell into a blind crevasse on the northeast slope of Mount Baker and was killed instantly. In company with C. S. Wright, a mountain guide, he ascended the mountain from the snow line for the purpose of taking photographs and was returning to camp when the accident occurred.

You can also buy four sections with top and leg base, standard style, quarter-sawn oak, any finish, book space 10 feet, 8 inches, for \$21.10. Easy terms.

HUNTER ACCIDENTALLY WOUNDED BY COMRADE

CHICO, July 22.—Robert Langille, tax owner of this city, was shot through the cheek and left side while out dove hunting. His comrade, Charles McQueen, did the shooting accidentally.

A couple of teeth were knocked out and the charge of shot in the side still remains there. Langille with great courage underwent an operation this morning and is again at work.

He has been on the operating table more than one hundred times in his life and believes he has been operated on more than any living man. Nearly every bone in his body has been broken and on several occasions following an accident he has been given up to die.

WORKMAN IS FATALLY INJURED AT DRY DOCK

VALLEJO, July 22.—Timothy Fennessey, a shipwright's helper at the Mare Island yard, is in the Naval hospital in a critical condition as the result of falling thirty feet down the drydock. Fennessey was working on

MARE ISLAND EMPLOYEES ORGANIZE ASSOCIATION

VALLEJO, July 22.—Another move was made in the ferry situation Monday night, when the Association of Mare Island Employees was organized at the Vallejo Labor Temple. This association is called an independent organization, but it is believed that it will take aggressive action against the Vallejo Ferry Company and that it will express the continued intention of Mare Island workmen to go to the navy yard on their own boats. All the officers of the Solano Aquatic Club were last night elected to similar positions with the A. M. I. E. The only change made was the election of trustees, instead of directors. It was announced that these officers are only "temporary," and the next meeting will be held August 11, after the amendment to the present ferry law is effective. The officers are: President, Forbes H. Brown; recording secretary, D. R. Adams; financial secretary, H. E. Burns; treasurer, G. M. Spencer; trustees, Grant McLaughlin, Andrew Gilmore, O. G. Gordon, H. W. Smith and H. O. Sietert.

TAKES POISON; DIES.

TUCSON, Ariz., July 22.—Charles J. James of New York, owner of considerable mining property in Mexico, died here yesterday as the result of having swallowed several bichloride of mercury tablets last night in the belief that they were sleeping troches.

Avoid Sedative Cough Medicines.

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain cocaine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That clears out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never recedes from a cold with Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. For sale by Osgood Bros. Drug Stores.

The Important Thing to You

in the selection of the Piano or Player Piano which you intend buying lies, not more in the quality, workmanship, tone and finish of the instrument selected than in the reputation and character of the House of which you buy.

The policy which has made the success of our House, which has builded its branches from end to end of the Coast, is one that insures to each and every buyer the best instrument possible at the price paid, that guarantees his permanent satisfaction. It is the policy of ONE PRICE and that the lowest possible, allowing for a fair, legitimate margin of profit.

In medium and low-priced pianos and player pianos your opportunity at our store is exceptionally fine. Easy payments.

YOUR MONEY'S WORTH OR YOUR MONEY BACK

Oakland—510 Twelfth and 1209 Washington.
